HON. SECRETARY'S NOTES

I HAVE RECEIVED A LETTER from a young man in Pakistan, who is most anxious to obtain a job in this country as a greenkeeper. His name and address is Chowdhry Abdur Hazzaq, House No. 484, Sector No. G6/1-2, Islamabad, West Pakistan.

He is a Science graduate from the University of the Punjab, and for the last three years has been working as Horticultural Assistant in the Capital Development Authority in Islamabad.

He is 28 years of age, and holds an international passport.

If any member should know of an opportunity for this young man, who has been highly recommended by Mr J. F. Pennick (Golf Architect), I should be glad if they would arrange for any inquiry to be made direct to Pakistan.

C. H. DIX.

(Continued from page 10)

boundaries: stakes, fence posts and so forth. Sometimes, on a single hole, part of a boundary is marked by a fence and part by stakes. It is advisable to treat them uniformly. Since the nearest inside points of stakes and fence posts at ground level determine the line of bounds (Definition 21), the stakes and posts themselves are out of bounds. Rule 31 applies only to obstructions on the course.

Further, if out-of-bounds stakes were classified as obstructions, a player might remove some to play a stroke, and the player might neglect to have them replaced. Thus, the competitors in a tournament might not play a uniform course.

Classifying out-of-bounds stakes as non-obstructions discourages tampering with them, simplifies the definition with regard to boundary markers and helps ensure uniform playing conditions.

(However, stakes defining water hazards are obstructions under the Rules.)

Incidentally, some clubs set out-ofbounds stakes permanently in concrete, or use concrete markers. This prevents a fluctuating boundary and in the long run should reduce upkeep costs.

CORRESPONDENCE

76 Fouroaks Common Road, Sutton Coldfield.

Dear Mr Editor,

I was very interested in the letter in the February Journal from Paddy Coleman. I had the pleasure of meeting him at one of our tournaments two years ago. From the correspondence I had with him previously I got the view that he was keen to become a greenkeeper, I took him several back-dated SO Research Journals, for which he was very grateful, and I am sure he would make good use of the information they contained. None of the other members of the staff on the course were members of our Association, and the impression he gave me from the questions he asked, he did not receive any information, or help from them. I congratulated him on his perseverance and determination to succeed. As he said the Midland Section does not have many lectures. When I became secretary I was keen to have lectures, and fixed guite a number but the response was very poor, and the attendances got worse. The climax came when one lecturer returned to his hotel without giving the lecture. You can imagine the letter I received from that gentleman. At our last committee meeting our new secretary, Bob Goodwin, was very keen to fix up some lectures for next winter, so it is up to the section members to let him know that they will give him their support and will attend. On lots of occasions when I was secretary I had letters from clubs to say they were keen on their staff belonging to our Association and I have replied telling them what benefits their staffs would receive-our monthly journal, the quarterly S.T.R.I. bulletins, the yearly S.T.R.I. journal and a chance to meet and talk over their problems with other greenkeepers at our tournaments and other events. I am sorry to say that on most occasions I did not hear any more about it, although I enclosed nomination forms for them to give to their staff. I must say I think golf clubs get the staff they deserve.

Yours sincerely,

F. CASHMORE.

Mr R. C. Ainscow

It is with deep regret that I have to report the death of our President, Mr R. C. Ainscow, who passed away on Friday, 10th March. We offer our deepest sympathy to those concerned.

EVERYONE ENJOYED THE LECTURE given by Mr W. H. Bartle very much, also

the various slides he was able to show on Golf Course Maintenance. Our only regret was that the time went so very quickly. When thanking him Mr J. Wallis Arthur, the President, mentioned that most of the members had come on long journeys and had trains to catch and was therefore sorry that the other slides could not be shown. However we look forward in the very near future to another visit from Mr Bartle.

I would like to draw attention to members entering for our Spring Tournament that the closing date is 24th April; the draw will be made on 25th, after which it will be too late to enter. Lecture

MR R. V. DAVIES, B.Sc., OF THE SPORTS Turf Research Institute, Bingley, gave a very interesting talk on the subject of Turf Disease to about 30 of our members at the Brunswick Hotel on the 23rd February last.

He illustrated the talk with colour slides and afterwards held a very lively question time when once again our President, Mr Shardlow, encouraged the younger members to ask questions.

Annual General Meeting

Members are requested to make a note that the Annual General Meeting will be held at the Brunswick Hotel on Thursday, 27th April 1967, at 7.15 p.m.

This is a most important meeting for our members as we have the task of finding a new Secretary to replace John Dearlove who has now left the section.

Also a new President to replace Mr A. Shardlow who finds he is spending more and more time away from Sheffield.

Mr Shardlow has been a first-class President during the years he has been in office and is going to be very difficult to replace. Therefore I think every member of our section should make the effort to attend this, his last meeting, and say a personal thank you.

Chairman: SIMPSON (Ponteland G.C.)

Spring Tournament OUR SPRING COMPETITION WILL BE held on Thursday, 27th April, at the Durham City Golf Club, with the kind permission of the Captain and Committee. This will be an 18-hole medal event commencing at 1 p.m.

All in all, gentlemen, quite a good series this winter, thank you for coming.

Mrs Greenkeeper's Own Corner

with Ann Mawson

Lamb is in season in the spring, mint and early green and root vegetables make it a very attractive dish, so here are a few lamb recipes.

Lamb Mould

 $\frac{1}{2}$ lb slice leg of lamb, 2 tomatoes, $\frac{1}{2}$ bunch of cress, $\frac{1}{4}$ of cucumber, a little chopped mint, $\frac{1}{4}$ pt of stock, seasoning, $\frac{1}{2}$ lettuce, $\frac{1}{2}$ oz of gelatine, 3 oz grated carrot, 2 oz grated turnip, 2 oz grated onion, a few cooked green peas.

Mince the lamb. Place into a basin with the $\frac{1}{4}$ pint of stock, seasoning, gelatine, grated carrot, turnip and onion. Cover and steam for $1\frac{1}{2}$ hours. Place a few cooked green peas in the bottom of a mould and just cover with some of the stock from the steamed meat and allow to set. When the steamed meat is cool, pour gently on top of the peas. When set dip in warm water, and turn on to a dish. Garnish with lettuce, cucumber, cress and tomatoes. Sprinkle the top with a little chopped mint.

To serve three to four people.

Lamb with Young Vegetables

1 lb sliced scrag end or shoulder of lamb, 1 oz of cornflour, 4 small onions, $\frac{3}{4}$ of a pint of stock, $\frac{1}{2}$ lb of new carrots, $\frac{1}{2}$ lb of new turnips, $\frac{1}{2}$ lb of green peas, seasoning.

Trim the meat and remove any surplus fat and melt it in a casserole or stewpan. Dip the meat in the cornflour, trim and chop the onions. Next fry the meat and onions slowly in the melted fat; add the heated stock, place the lid on and cook for 30 minutes. Prepare the carrots, turnips and peas; cut the carrots and turnips into slices. Add the vegetables to the casserole (or stewpan) and continue cooking for 45 minutes. Blend the remainder of the cornflour with a little stock, add this to the casserole, with the seasoning, and cook for a further five minutes. Serve hot.

To serve three to four people.

Lamb to serve cold (spiced)

A leg or shoulder, stock, $\frac{1}{2}$ chopped onion, 6 oz of salt, $\frac{1}{2}$ oz of saltpetre, a saltspoonful of allspice, a saltspoonful of ground cloves, 3 oz brown sugar, a bay leaf, a saltspoonful of ground mace, a teaspoonful of pepper. Time to pickle: about eight to nine days.

Bone the leg or shoulder; mix all the ingredients except the stock.

Rub the mixture well on to the meat and leave the meat lying in the mixture; set aside and repeat this process for six days. Before cooking, wash, dry and roll the meat and tie with tape. Cook slowly in the stock; you can add a few vegetables to stock if you like. Remove and press between two dishes. When cold glaze if desired.

Time about $4\frac{1}{2}$ hours. When serving, allow 4 oz per person.

Lambs Hearts (braised)

4 lambs hearts, veal forcement, 4 slices of bacon, small onion, small carrot, small turnip, $\frac{1}{2}$ pint of thick gravy or thickened stock, salt, pepper.

Wash the hearts well and trim. Stuff with the forcemeat and skewer a piece of bacon around each heart. Put into a caserole with the peeled and chopped onion, carrot and turnip. Pour the liquid over and season well. Put the lid on the casserole and cook for $1\frac{1}{2}$ hours.

Serve one small heart to each person. Regulo Mark 4; Electricity 360 degrees F.
