VERDANT

a range of seeds and fertilisers suitable for use on
ANY TYPE OF SOIL, the result of years of patient
research under all playing conditions.

VERDANT GRASS MIXTURES FOR THE GOLF COURSE. All verdant seed is treated with bird repellent.

Mixtures without perennial rye grass.

VERDANT NO. 8. A Superfine Mixture without rye grass for Golf Greens.

VERDANT NO. 9. A mixture of superfine grass seeds without rye grass for good quality greens at a lower price.

VERDANT NO. 10. A blend specially mixed without rye grass for Fairways and Tees of a sandy mixture.

Mixtures containing S23 and other selected grasses.

VERDANT NO. 11. For Tees and first-class Fairways on the heavier loams.

VERDANT NO. 12. An all round mixture blended for Fairways and Tees subjected to hard wear.

VERDANT FERTILISERS

VERDANT F1. Spring and summer semi-organic fertiliser for fine turf. A fertiliser which can be applied from March to July to provide a steady feed combined with a tonic to promote a healthy, vigorous turf.

VERDANT F22. A higher nitrogen fertiliser for fine turf designed to produce a quick initial response combined with a steady growth throughout the season.

VERDANT F2. Spring and summer granular fertiliser for Fairways. A balanced feed which may be used from March to July to give a strong, healthy growth of good colour.

COMPOUND FERTILISERS MIXED TO YOUR OWN SPECIFICATION. SEND FOR CATALOGUE AVAILABLE NOW. A COMPLETE RANGE OF STRAIGHT FERTILISERS ALWAYS IN STOCK

Consult our free advisory service on all problems of Course Maintenance and Equipment.
