

## A TRIBUTE TO WILLIE BRADFORD

It was with deep regret that he heard the sad news of the passing of Willie Bradford on Friday, 18th June, after a serious illness.

Willie had been Head Greenkeeper at Buchanan Castle Golf Club since the course was opened before the last war. At 67 years of age he was one of the oldest and most respected members of our Association, with a wide knowledge of all aspects — both practical and scientific — of the profession of green-keeping. All who knew him and worked with him will pay tribute to his sincerity, kindness, quiet determination, and above all his extensive experience in the art of turf culture, which is the hallmark of a dedicated man of the turf.

He became General Secretary of our Association in 1954 and served in this capacity until 1957. In 1959 he was elected Scottish chairman, and held this office until 1962. It was during this period that he concentrated all his efforts on the details of a draft to form the basis of a scheme to encourage young apprentices to take up greenkeeping as a career, and it was on this foundation that the present scheme administered by the Joint Council is based. For a number of years Willie served on this council as our own S.G.G.A. representative.

During the past few years we did not see much of him at our meetings but he never lost interest in all our activities, and when asked was always willing to offer his sound practical advice. His passing leaves a huge gap in our ranks, for he will be missed by us all. We extend our sincerest sympathy to his widow and family in their sad loss.

R. B. MOFFAT, General Secretary.

# Pattisson

## Golf Course Equipment in Fibreglass

## FOR ALL GOLF COURSE EQUIPMENT

Suppliers to the world since 1896

The range comprises:—

### TEE LITTER BINS

Colours: Red, White or Yellow.

### TEE PYRAMID MARKERS

Colours: Red, White or Yellow.

### TEE CUBES

Colours: Red, White or Yellow.

### TEE ARROWS

Colour: White.

### TEE DISCS

Colour: White.

Complementary to the above are the existing items, such as **Polythene Tee Balls** in red, white and yellow; **Bogey-type Hole Cup** in nylon (one-piece moulding); and the **Fibreglass Flagstaffs**, as listed in our current Golf Catalogue.

# ABC's OF COURSE LANDSCAPING

by RICHARD PHELPS

*Trees properly used can bring many dividends to a golf course. Here an expert tells how to make trees function aesthetically, advantageously and strategically*

**W**HAT makes a golf course great? To quote one famous player, "The classic test must combine woods, wind and water."

Certainly a course without at least a sizable number of well-placed trees is so barren it looks sterile. Actually, except for a few superb seaside links like St Andrews, most beautiful, tough courses are thick with trees.

How many times the role of trees is taken for granted in golf course design and maintenance! Planners often fail to give them proper consideration as living things, just like turf, with individual characteristics and specified life spans.

Usually the builder of a new course faces one of two basic problems with tree layouts. A site may have either too many trees or too few. It is left to the architect to mark those to be cut down and he may also work up a planting plan.

For any course, the superintendent should have a basic, well-conceived tree-planting program. Every season his budget should provide enough money not only to maintain existing trees but also to replace those dying or damaged and allow new planting to the course.

Although a budget always presents a problem, the character of a course can be completely altered by moving in large trees. Today there are machines that can transplant trees of 20 feet or more in height and eight inches or more in diameter, depending on the species.

While trees will beautify any open site, they particularly enhance the appearance of golf courses. By carefully selecting and placing trees, architects and superintendents can provide golfers with color, texture, fragrance, scale, illusion, mood, safety and, most important, with golf shot values.

From the golfer's viewpoint, here are some specific functions of trees on golf courses:

- To serve as a safety screen between fairways or between greens and adjacent tees to protect players from errant shots.

- To frame and define the path to the hole from tee to green along fairways — not straight rows of trees but natural groupings.

- To screen players' views and to outline course boundaries from out-of-play areas such as sod nurseries and maintenance shops.

- To provide shade comfort to players in vicinity of tees.

- To offer shot alternatives or control the line of play from tee to green by strategic placement of single specimens or small groups.

- To modify the natural environment of the course by reducing wind, filtering harsh sunlight, and muffling road and highway sounds.

- To add pure aesthetic values, which is a major consideration for any course.

These effects are rarely created by accident. On most great courses where trees affect shot values, the selection of those trees to remain after clearing and the planting of any new trees is an integral part of a highly professional and meticulously conceived plan.

## Landscape Plan Required

There is one universal principle for any golf course — old or new, nine holes or 36, public or private: *have a master landscape plan and never stop working from it.*

A landscape plan for a new course should be part of the services furnished by the golf architect. No golf course plan is complete without it regardless of how many years it takes to implement the entire landscaping program.

The major considerations that go into a planting plan include topography, geology, ecology, climate, existing plantings on the site, type of course, rural-vs.-

urban setting, and, of course, budget limitations.

How many trees does your course need? There is no pat answer. Your total acreage, the numbers and sizes of existing plant materials and of any that are yet to be planted, natural environment — all these govern your figures. The famous Olympic CC in San Francisco, site of two U.S. Opens, for example, was cut through heavy woods with about 70,000 trees.

It would be unrealistic to ponder bringing in mature trees in such numbers to any open site. On the other hand, planting 200 or even 500 trees of approximately 10 feet heights on some new courses represents a mere drop in the bucket for framing holes and even adding much beauty. Of course, the number of trees added is less important than their size and placement. A few large (20 feet-plus), strategically placed specimens do more for a new course than 100 half-inch-caliper whips.

More and more, maintenance costs and problems are a significant factor in landscaping programs. Water requirements, shading, and air drainage are important in determining how tree numbers and types can affect turf.

Air drainage is especially crucial in the proximity of greens. The architect or superintendent who is building a new hole must analyze whether or not the green will get enough sun and air in its planned location. A common error committed on courses that are cut through dense growth is to leave too much vegetation close to a green. The result is restricted air flow and diseased turf.

Maintenance of and around the trees themselves should be a prime factor in the choice of tree species. Autumn leaves are an annual irritation to golfers, a nuisance to superintendents, and always a potential problem to turf. Small twigs that break easily and litter the turf are common to quick-growing trees like elms, willows and poplars. Fruit trees on a golf course present both a maintenance and playing hazard. Fallen fruit gets underfoot, tangles mowers and attracts insects in addition to creating an eyesore. Certain varieties of seeds, such as the white "cotton"

from cottonwoods, and some seasonal blossoms will cover a great deal of the playing areas and make it rather difficult to spot golf balls on the ground.

There are definite questions to ask about a proposed species for a course: How susceptible is it to insects and disease? How much pruning is needed annually? Will the root system cause trouble to surrounding turf? Will it branch high enough to clear both golfers and maintenance machines? Does it require a special quality of soil to thrive?

Once new trees are planted, the superintendent cannot forget about them. In most areas they cannot survive without care. A program should include fertilizing, mulching, wrapping, staking and watering. If trees are properly handled in moving, and are native to the climate area, the percentage of successes will be high.

There are about 1,100 native tree species, and at least nine climatic regions in this country alone. Recommending "best" choices for any given course is impossible in this discussion. Near any course site, a visual inventory of what types do well is the best guide. Other superintendents, nurserymen, county agents, or landscape architects are logical sources of advice.

### **Proper Tree Planting**

Here are some tips for the superintendent and grounds committee on using trees to improve a course:

- Around tees, trees may be close to the back edges, but should not overhang along the sides. They should have deep roots with high, but not dense, branches.

- Around greens, all trees should be set back so that the outer foliage line is no closer than 15 feet from the green edge. Ideally, a green-area species should be deep-rooted; provide only light shade; have high and strong branching; cause a minimum of litter; and not be odd-colored.

- Planting a single specimen tree because of its color, flowers, form or texture should be done only rarely. Too many unique specimens just make a

*continued on page 14*

*continued from page 13*

collection of oddities. A few native varieties, placed in groups, create a more natural look.

- Trees used as background behind greens or as direction indicators should be large, dense, heavy and dark-colored.

- For view screens or windbreaks, the choice should be among types that are dense, low-branching, fast-growing and strong. Evergreens fit all these requirements well.

- Shrubs are practical only around tee areas, and sometimes along boundary lines. They should never be used along fairway play areas or near greens.

- Along an open fairway, one large tree will do more to guide the line of play and set off the corner of a dogleg than a clump of small ones.

- Although many courses have them, special "marker" trees along each fairway — usually 150 yards to the green — should be avoided. They seldom fit into the landscape naturally. Also, such placement eliminates the challenge of judging distance. Because many golfers want such help, if you use them, choose species that look as natural to your setting as possible.

- Plant fairway line trees in clumps or natural groupings. First priority should be in tee shot landing areas of 175 to 225-yard zones. This will frame the hole, provide beauty and minimize the effect of stray shots.

- Although machine maintenance is a major consideration, don't feel you must always plant groups in wide, even spacings. Plant some in uneven groupings and others in tight clumps — one-third foot apart — to create the look of nature's work.

- Don't overlook the club entrance, driveway and clubhouse area. These areas also make a big beginning impression on golfers, members and visitors.

Landscaping a golf course properly is an art apart from all other landscaping. The thoughtful selection and skilful placement of tree species are the final brilliant brush strokes in creating an attractive, challenging and fair course. This end can be achieved masterfully if the superintendent keeps three considerations in the front of his mind: consider the golfer, consider beauty, consider maintenance. First, last and always, though, plan a permanent, long-range landscaping program and never stop working from it.

Richard Phelps, president of Phelps-Brauer & Associates, Lakewood, Colo., has designed some 40 golf courses throughout the country. He received his bachelor's and master's degrees from Iowa State University in landscape architecture, specializing in his post-graduate work in golf course planning. His thesis on landscaping golf courses has been used by the U.S.G.A. Green Section as a basic reference. Phelps is a member of the American Society of Golf Course Architects.

*(With grateful acknowledgement to the "Golf Superintendent".)*

### SILVER MEDAL FOR FLAIL MOWER

The recently introduced 30-in. Pedestrian Flail Mower made by Ransomes was awarded a silver medal by the Royal Cornwall Agricultural Association at an exhibition held at Wadebridge. The silver medal is awarded for machines of outstanding performance and functional design features. Ransomes introduced this machine earlier this year and it has already met with considerable success throughout the United Kingdom.

### FISONS AT MOTSPUR PARK 1971

The service to sporting interests offered by Fisons Agrochemical Division through their fertilisers, chemical weedkillers and peat and compost range will again be demonstrated at the International Sportsground Machinery and

Equipment Exhibition at Motspur Park in September.

Turf maintenance will be demonstrated by a display showing how sports turf is kept in good condition through comprehensive autumn treatment with specialised peat compost. The control of common turf weeds by Cambadex and Mecodex, and moss control by Fisons Mosstoll will also be shown. In addition, there will be a display of plants grown in Levington Potting Compost and Levington Pot Plant Compost.

Members of the sales and technical staff will be available on the stand during the show to discuss products and treatment.

### HAYTER MOWERS AT MOTSPUR PARK

The latest mowers from their wide range, including hand and self propelled rotary and cylinder mowers and tractor-drawn machines, will be shown by Hayters Ltd. of Spellbrook, Bishop's

## TRADE NEWS continued

Stortford, Herts., at the Institute of Groundsmanship Exhibition at Motspur Park.

The professional machines on show will include the Condor, an inset wheel propelled mower with interchangeable twin rotary and cylinder verge mower units. Ideal for rough grass areas, verges, recreation grounds, and caravan sites in open or confined spaces, the 30-inch cut machine is powered by a MAG 258c.c. four-stroke engine and has three forward speeds and one reverse. A brake is provided and a trailer seat is optional.

Another machine on show will be the Osprey, a lightweight self-propelled mower particularly suitable for areas which include short banks. Features are a rotary, 600m.m. cut, with a two-stroke JLO engine and optional trailer seat.

Also featured will be the 12-inch cut rotary Hayter Hawk, which is ideal for use in cemeteries for cutting between gravestones and is equally effective for the maintenance of verges, for cutting close to kerbs, walls and similar obstructions, and around such obstacles as lamp posts and road signs.

Features include inset wheels and roller, and a  $3\frac{1}{2}$  h.p. four-stroke Briggs & Stratton engine.

### Interchangeable

Designed for the economical maintenance of extensive grass areas, the 26-inch Hayter mower roller propelled rotary mower will be another machine on show. It has a split rear roller of ribbed rubber-covered steel for traction, smooth running and manoeuvrability.

The rotary unit — being detachable

— is easily interchangeable with the 30-inch cylinder lawn mower or the 30-inch verge mower attachment.

The machine is fitted with a three-speed gearbox, with kick-starter, and has forward speeds of  $1\frac{3}{4}$  m.p.h.,  $2\frac{3}{4}$  m.p.h. and  $4\frac{3}{4}$  m.p.h. Cutting heights range from  $1\frac{1}{2}$  in. to 6 in., and it is powered by a MAG 258c.c. four-stroke engine.

### WATCH AT B.G.G.A. TOURNAMENT

At this year's British Golf Greenkeepers' Association annual golf tournament which is being held at Hollinwell Golf Club during August, Ransomes will be presenting a special prize of a gold watch. In addition to this Ransomes will also be presenting watches as prizes at all the B.G.G.A. branch golf tournaments throughout the United Kingdom.

Ransomes manufacture a wide range of professional grass machinery which includes tailor-made golf club accessories.

### Mr A. J. H. COOK

Mr A. J. H. Cook, one of the British Greenkeepers' Association's best known and hard-working members, has recently retired from the presidency of the East Midlands branch. His work in the past few years has done much to further the aims of the association, especially in the East Midlands. Up until 1965 John Cook was a grass machinery representative for Ransomes in the East Midlands area, a position he held for many years. He will continue in office as vice-president of the East Midlands branch of the British Greenkeepers' Association.

### Annual General Meeting

Our Annual General Meeting was held on Saturday, June 26th, at the Bridge Hotel, Newcastle, 22 members being present.

Our chairman, Mr J. Simpson, opened the meeting and in his remarks thanked the committee and members for their support during the past year. Report on the year's working was given by the secretary and treasurer and was considered satisfactory.

Officers elected for the ensuing year were as follows: *President*, C. N. Storey, Esq.; *Vice-Presidents* were returned en bloc. *Chairman*, J. Simpson, Esq.; *Vice-Chairman*, N. Fraser, Esq.; *Secretary and Treasurer*, G. Jeffries; *Committee*, Messrs T. Nutman, J. Taylor, D. Holmes, T. Oliver, R. Derham, J. Snowdon, T. Robson and L. Self; *Hon. Auditors*, Messrs Chapman, Hilton, Hutchinson and Dunford.

The chairman, on behalf of the committee and members, thanked our hon. auditors for their work with the accounts, and Tom Oliver for his help at our golf competitions.

### Autumn Tournament

This will be a 27-hole event commencing approximately 9 a.m. at the Ponteland Golf Club, by kind permission of their committee.

## MIDLAND

*Chairman:*  
G. HART  
(Gay Hill)

*By R. Goodwin*  
*Hon. Secretary:*  
4 Burton Old Road,  
Streethay, Lichfield,  
Staffs.

### President's Team v. Greenkeepers

This splendid fixture took place at the Handsworth Golf Club on Thursday, 24th June, a beautiful summer evening. With

conditions perfect, the President's team again had the edge on the Greenkeepers and won by 6½ games to 4½.

Results (president's team names first)—1, H. J. Roberts and E. Moggs Wright beat W. Marnock and T. Morris 3 and 2; 2, H. Mitchell and A. Pullar beat V. Smith and A. Robertshaw 1 up; 3, R. Whittington and H. G. Lunt halved E. Benbow and A. Boraston a/s; 4, W. N. Dudley Evans and T. Hodgetts lost to D. Brazier and A. Cutler 2 up; 5, D. Davies and V. Bull beat H. Drewitt and W. Drewitt 5 and 4; 6, C. C. Moore and T. Phillips beat T. Cutler and A. Hastilow 4 and 3; 7, J. Bate and P. Hopkins lost to R. Goodwin and H. V. Lewis 5 and 4; 8, R. J. Baldwin and P. Ricketts lost to T. Boffy and G. Bunting 3 and 1; 9, F. Williamson and C. Alger lost to R. Ramsden and E. Ballinger 2 and 1; 10, R. D. Parker and D. J. Moore beat W. Boyce and D. Shortley 5 and 4; 11, R. Hiatt and partner beat W. Barton and J. Bevan 1 up.

Mr Bretherton again presented everyone with an excellent meal after the match and the gratitude of all present was expressed by Adrian Robershaw, the association chairman, Mr Darbyshire of the Handsworth Golf Club, Mr Bob Yates for the Midland Counties' golfers, and Mr Vic Smith, vice-chairman of the Midlands Section.

In the clubhouse, Mr and Mrs Thistleton put on an excellent meal with first-class service, while Vic Smith and his ground staff had the course in wonderful condition.

All greenkeepers, I am sure, will join me once again in thanking Mr Bretherton for providing a most enjoyable evening.

#### Autumn Tournament

This event will be held at the Stourbridge Golf Club on Tuesday, 14th September, over 27 holes. Members should submit their entries by 3rd September.

#### New Members

We welcome to the section the following new members: Alan Parton of the Sutton Coldfield Golf Club and F. McAuley of Leamington.

## WELSH

By S. A. Tucker

Chairman:  
M. GEDDES,  
23 Fenton Place.

Porthcawl, Glamorgan.

Hon. Secretary:  
36 Clase Road,  
Morriston.

Swansea, Glamorgan.

#### A.G.M.

Our tournament before the Annual General Meeting was played at Royal Porthcawl Golf Club in conjunction with the Secretaries' Meeting. As in other years we were entertained to supper with the Glamorgan County Union, and we thank them for a very pleasant evening. Our attendance was not what it could have been due mainly to the journal not being delivered

until the 1st July, but perhaps a little of the fault goes to the post office strike as I did not hear of the date until 4th May. I trust this will not happen again. We had a very good meeting and the weather was fine, but I think the scores could have been a little better than some of them were. The John Duncan Cup was won by B. D. Jones—net 72. He receives the gold watch given by Ransomes, Sims & Jefferies. Second was J. Hill. He receives the John O'Gorman Cup with a soup set. Third, H. Fry—kitchen Pyrex set. H. Fry won on last six holes with four cards in at 80 net, J. Hill 76 net. Fourth, D. Jones—Ronson Lighter given by Pattison Ltd. Fifth, D. Cheetham—two pairs of socks. 19/24 Handicap: 1st, A. W. Coluhoun—bottle sherry and Birdie Cup. Second, M. Jones—one dozen golf balls given by Flymo.

Thanks to Peter Wyatt for the help he gave me in taking the chair at our meeting and for helping with the many other jobs we have to do. Thank you, Peter.

#### Draw Tickets

I hope you have returned the counterfoils and monies or the unsold tickets for the Annual Draw by the time you read these notes. If not, please attend to it right away as I have quite a bit of work to do to get them all checked, packed and sent off to head office in time for the draw. Please try and sell them all, your co-operation will help me a lot. Thank you for your effort.

### October Quiz

The quiz is to be held at 6.30 p.m. on Wednesday, 6th October at our new meeting place, The Ship Tavern, 27 Lime Street, London, E.C.3. Telephone 01-626 2978. Nearest Underground station—The Bank.

The room at our disposal at The Ship is almost rectangular in shape and much more suitable for our lectures, etc. Leaving the Stirling Castle after all these years came as a bit of a wrench but the alterations to the room we used made it inevitable. The proprietors of the Stirling Castle, Mr Young and his wife, said they would miss us on our Wednesday evenings but that if we ever wanted to go back we would be welcome.

### Autumn Tournament

The Autumn Tournament will be held at Walton Heath on 8th September. For the benefit of new members this popular tournament made its debut at Crews Hill in 1957. It was decided that members should invite the captain of their respective clubs to partner them in a 36-hole Stableford competition with the proviso that if he were not available, a committee man and so on to any member of the club. Prizes were selected with care and duplicated and, with the voluntary help from the trade, the Crews Hill venue proved such a success that your committee decided it should have a permanent place in our calendar of events.

The closing date is Wednesday, 25th August, and entries should reach me by that date stating, in block letters, name, club and his and partner's handicap and whether late start is required. Partner must be a member of the club.

### Appointment

Congratulations and best wishes to J. S. Field who has been appointed head greenkeeper to the Middlesex Golf Club.

### Raffle Tickets

My acknowledgement and sincere thanks to all those who have returned the counterfoils and moneys to me.

## NORTH-WEST

J. GILLET,  
(St Anne's Old Links)

**By H. M. Walsh**  
*Hon. Secretary:*  
Horrobin Cottage,  
Old Links Golf Club,  
Montserrat, Bolton, Lancs.

### Autumn Tournament

The Autumn Tournament will be held at the Childwall Golf Club, Gateacre, near Liverpool, on Thursday, 7th October, due

to the kindness of the captain and council. Details will be given nearer the date, but I would like to have your entries in good time to help with the catering arrangements. A route giving the best points of entry to the club will be in the next issue of the journal.

### Draw Tickets

Please let me have monies and counterfoils as soon as possible now.

### New Member

We welcome to the section R. Lewis of the Davyhulme Park Golf Club, formerly a member of the Northern Section, and hope his association will be a happy one.

### Annual Trip

There will be another trip this autumn to the International Sports Co. Ltd., Horbury, Wakefield, Yorkshire, on Tuesday, 9th November. A coach will be arranged provided sufficient members are interested. Will all those who wish to go on this trip please let me know as soon as possible. It is four years since we visited this company and I think all the members who went found it most interesting as I am sure we will this time. Further details in the next issue of the journal.

## EAST MIDLAND

**By S. Fretter**

*Hon. Secretary:*  
4 Queens Drive,  
Leicester Forest East,  
Leicester.

*Chairman:*  
J. CARRICK

### Autumn Tournament

The Autumn Tournament will be played at the Oakdale Golf Club, Harrogate, on 23rd September 1971. Tee-off time 1-1.30 p.m. To allow for catering arrangements entries must be in by 16th September.
