

The right bag for your club

The success of any golf club depends to a great extent on the standard of turf on the course. The better the turf, the higher the standard of performance, and the greater the enjoyment of play. Skilful greenkeeping and S.A.I. Turf Foods' scientific formula give the growth that hard working turf needs to look fresher, play better, stay stronger longer. S.A.I. Turf Foods' acidifying action discourages worms so turf stays cleaner as well as greener, and their granular form means easy handling and spreading with no drift.
