

NOW— Toro Trailed Gangs

Take a good look at the new Toro trailed gang mower. A single knob located in the centre of the Spartan adjusts the bottom blade to the cutting cylinder, easily, without tools—thus saving 75% adjustment time. This unique trailed gang mower can be equipped with wheels to meet varying traction, transport and cutting requirements. From $\frac{1}{2}$ " to $2\frac{1}{2}$ " cutting heights and a cutting width of 30" per unit. Available in sets of 7', 11'6", 16' and 21'6" —IMMEDIATE DELIVERY.
