## Hitch up to our fast, new, Mounted Hydraulic 3

Ransomes progressive policy in powered gang mowing takes a further masterful step forward with the new Mounted Hydraulic 3.

It's the really quick answer for cutting most grass areas - especially where they are separated.

The 3 hydraulically power driven cutting units are put into or out of work - by a single lever operated from the tractor seat. When mowing is completed the units are raised for transport, as a continuous action, therefore time spent between each grass area is minimal.

The finish is exactly as required - a wide range of cuts per metre see to that. If the tractor is needed for other tasks, disconnecting the Mounted Hydraulic 3 takes only a few minutes.

The new Mounted Hydraulic 3 has a definite place in your mowing programme. Find out the full story now.
