

**When  
reliability is  
a high priority  
we'll guarantee more than most.**

A **Ransomes Motor 180** will always give you a quality of performance and finish you'll find hard to match in other mowers of its kind.

On golf tees and surrounds, private and public lawns, for which the **Motor 180** was specifically designed, high manoeuvrability and a low profile gives you an outstanding mowing capability. Season after season.

It's one reason why we can give you a full 12-month guarantee for both professional and private usage on the **Motor 180** and all Ransomes mowers.
