Why waste valuable time mowing when you can use Mowchem? Just one application retards grass growth for up to two months – without grass root deterioration.

In fact, since it controls both leaves and flower heads it can even improve turf quality, leaving it dense and green.

But most of all, you save money – 40% 50% 60% even more!

For example, it takes just two or three Mowchem sprayings (one including weedkiller) and three mowings for annual grass maintenance, compared to a typical programme of at least eleven operations.

With these sort of savings, can you afford not to think seriously about using Mowchem?

We will even help you with a detailed cost-benefit comparison on your own operations.

Telephone 0277 230522 and ask for the Environmental Products Department.

FAIRLOP GOLF CENTRE, ILFORD, ESSEX

HEAD GREENKEEPER

We are a well established leisure company and our latest development at Ilford is an 18-hole Golf Course now nearing completion, with a Par 3 Course and a Driving Range to follow.

To establish and maintain these facilities, we require a Head Greenkeeper who will be actively involved with both the initial construction and the future high maintenance standards expected of this development.

The person appointed must be fully conversant with all practical aspects of golf course management and have a thorough knowledge of modern machinery and the requirements of fine sports turf under conditions of intensive use. The Head Greenkeeper will control a small labour force and take an active part in the day to day work.

Persons applying should have at least five years experience in golf course management and construction and be suitably qualified.

The salary will reflect the importance of the position, and a Pension Scheme is operated. No accommodation is available at present.

Apply in writing giving full details of age, experience and qualifications to:-
