

# BIGGA TURF MANAGEMENT EXHIBITION 1991 THE PICTURES

The BIGGA Turf Management Exhibition and Educational Seminar Programme is now history, leaving behind it a warm glow of happy memories. Just as history has a habit of repeating itself, so also did this latest event repeat and visibly improve upon previous shows with the luxury of warm, carpeted exhibition halls packed with displays of all that is new and important within the industry. With a positive plethora of workshops, seminars and lectures, those who attended left with a genuine feeling that the British Greenkeeping Industry is alive and well, and seen to be thriving in Yorkshire.

If you were there, you'll know what we mean, and if you missed it... be sure you make it next year!
