

IT COULD BE YOU

It could indeed be you sitting astride this fine Toro Greensmaster 3100 and will be if you become the first ever winner of the Toro Award for Excellence in Greenkeeping.

The main prize in the new Toro Award for Excellence in Greenkeeping is enough to make every greenkeeper in every golf club in the country drool.

The Toro Greensmaster 3100 is

a ride-on which makes the task of cutting greens a pleasure.

Among the features of the Greensmaster 3100 are:

- A new hydraulic oil leak detector system
- A superb quality of cut
- It is the lightest in its class so minimises compaction
- It is strong on fuel conservation and noise reduction
- Quick response power steering
- Excellent after-sales back up service

The Toro Greensmaster 3100 is just part of the prize to the winner of the Toro Excellence in Greenkeeping Award. The individual winner will also be flown to the United States for a two week all expenses paid visit to the Golf Course Superintendents Association of America Conference and Show, as well as a trip to visit the Toro Company's Headquarters in Minneapolis and its factory in Riverside California.

There is still time to enter, or nominate someone, for the Toro Award for Excellence in Greenkeeping. **May 30** is the closing date for entries.
