Rigby Taylor

Cutting edge technology to enable greenkeepers and groundsmen to maintain their turf to the highest standards will be available from the UK's leading supplier and amenity turf care products, Rigby Taylor. Its Mascot range will include the very latest plant microbial stimulant designed to improve soil structure. Called Activate, the new spray product is a concentrated plant extract containing a precise mixture of plant sugars, growth promoters, trace elements and a soil penetrant. Also on display will be the UK's first mass approved adjuvant marker for use with Roundup Pro Biactive via CDA. Called Lightning it leaves a clearly visible white deposit on treated weeds and surfaces which helps to enhance the applications efficiency and cut down on chemical waste. It will be of interest to local authority amenity managers and contractors, in particular.

Ocmis Irrigation

Ocmis are irrigation experts with a referral driven reputation in problem solving, system design, manufacture and supply, installation and servicing to the sports turf and landscape industry. Ocmis are national stockists of Rainbird, Hunter and Nuckner sprinklers, valves and controllers. Ocmis manufacture packaged pump stations, control panels and manifold assemblies. Also supplying all types of pressure pipe, fittings, mobile irrigators, pump units, pressure vessels, electric cable and accessories. Our state-of-the-art design capability identifies the individual requirements for our customer to formulate a design and specification. Ultra Plant

Ultra Plant have launched a new breed of spinner type Top Dresser which will cut the time on the green by up to 75%.

These new dressers will complement the conventional spreaders which are already being used on top courses like The Belfry, Sunningdale, Royal Portrush and Mount Juliet.

The UB50 greens dresser can be truck mounted or tractor towed with the facility for conversion from one to the other within 30 minutes which many greenkeepers appreciate when their truck is loader with sprayers etc.

The UP60 Bulk Dresser is for golf fairways, sports pitches and racecourses.

The UP60 is pto driven and can spread up to 112 tonnes in two hours at depths of up to four inches.

See us at the ALBA stand at Scotsturf.

British Seed Houses - Stand GF8

British Seed Houses adds Raisa chewing fescue to its marketing leading "A" grade golf mixtures for greens, fairways and tees which also feature the top-rated Avalon velvet bent and Providence creeping bent. New Raisa provides excellent shoot density, short growth and mowing tolerance in both fine turf and fairway applications. With unprecedented shoot density and its close mowing tolerance, Avalon delivers playing surfaces whose quality and durability is beyond those achieved with browntop bents, at the same or lower cost levels without changing the sward management regime.

Scottish Grass Machinery

Ransomes, E-Z-GO, Iseki, Ryan, Cushman and Jacobsen will be displayed by Scottish Grass Machinery, the very first public showing in Scotland under the Textron Turf Care & Specialty Products banner.

Scottish Grass Machinery will unveil the new Ransomes Turf Truckster; the first work vehicle in the industry to offer automatic transmission and the new Greensplex 160 with swing-out centre reel for easy access and interchangeable cylinders. Look also for the reintroduction of Ransomes highly favoured T-Plex 180, which now boasts improved performance and economy.

Green Releaf - Stand 42

Green Releaf, the US leaders in liquid microbial products are exhibiting a range of microbial products at the show. The Green Releaf liquid beneficial microbes applied with their own unique food source rapidly improve root structure, enhance nutrient uptake and increase natural resistance to disease. Other products at the show include Thatchless liquid which will reduce your Thatch in only 30 days. And for faster, hard wearing greens why not try KCS 0-0-14 Liquid which is used for tournament preparation. Also new for 1999 is the US organic granular fertiliser inoculated with beneficial microbes. Visit us on Richard Aitkens Ltd stand.

Eagle Promotions -Stand P2

Eagle Promotions provide an extensive range of services to golf clubs from the initial course measure through to scorecards, yardage books and other points of play accessories. This exhibition enables us to show our exciting choice of signage for the golf industry. Our signage is developed around our ability to create an image etched into zinc plate. These mounted on stone, moulded rock and wood create truly spectacular sign systems.

Wiedenmann and Sportsgrounds Ltd

Family businesses Wiedenmann UK Ltd and Sportsgrounds Ltd will exhibit together at this year's show.

Wiedenmann will launch the new Greens 135 Terra Spike which is specifically designed for use on golf courses. Greens Terra Spikes are lighter and faster than existing machines and feature a new heave adjustment system. Other exhibits include the new Terra Top mounted on trailed top dresser, the 4.2 m cutting width tractor mounted Rotary Triplex mower and the new Mini Clean pedestrian brush and collector. To view our exhibits and chat through your machinery requirements all are welcome to visit our stand or visit our local dealer, Scottish Grass Machinery. Sportsgrounds who are participating in their fourth Scotsturf will display photographs of recently completed construction works. Current projects include sand slitting playing fields for South Lanarkshire Council,

construction of rugby, shinty and hockey pitches for Glasgow University and the construction of a synthetic five-a-side complex for Glasgow company, GOALS.

A range of Edel Synthetic turf will also be exhibited together with photographs of recently completed synthetic turf path and golf tee installation.

Sportsgrounds' staff will be happy to meet all visitors and discuss their construction and maintenance requirements. A warm welcome will be extended to all who can enjoy our teas, coffees and hot dogs.

Contact Wiedenmann UK Ltd, David Rae or Gordon McMurdo, Tel: 0141 884 2552 Fax: 0141 884 6252.

Sports Turf Research Institute

STRI Scotland, part of STRI Bingley's nationwide Turfgrass Advisory Service, is uniquely placed to offer you a local service combining all the specialised skills required to support the design, construction, management and maintenance of sports turf grounds, golf and recreational facilities.

This local service is backed up by specialist staff, extensive research and laboratory facilities, based at Bingley. STRI visit over 2000 natural turf facilities. Out of these, 1000 visits relate to golf courses including all the "Open Golf Championship" venues in our capacity as Official Agronomists to the R & A Championship Committee. Talk to the STRI at Scotsturf and take the guesswork out of your decisions.

Fraser C. Robb

This year we will be displaying a selection of products from the Kawasaki range of All Terrain Vehicles and the Dennis range of cylinder mowers including the versatile cassette system. We will be exhibiting for the first time the new Toro 5 Series diesel tractor with recycling deck.

We have also been appointed the main Scag Service dealers and are now carrying an extensive range of parts stock.

Geo Henderson Ltd

Geo Henderson Ltd will have on show the new Charterhouse Mustang vertidrain machine. This machine has been developed for the purpose of carrying out spiking and coring up to a depth of six inches and be able to maintain a fast forward speed at the same time.

We will also have the popular new Honda four-stroke brushcutter which has been well received by the professional user for its quiet running and ease of operation. Also on display we will have a selection from the work wear range that we hold at all our depots. This is proving very popular with all our customers. Should you have a specific requirement which you are struggling to locate why not give us a chance to prize the item. You might be surprised!
