

A WARM WELCOME AWAITS

BIGGA TURF MANAGEMENT EXHIBITION

BTME 2000

& EDUCATIONAL SEMINAR PROGRAMME

The name of which Yorkshire town is on the lips of every greenkeeper around the turn of the year? A. Scarborough B. Harrogate C. Ripon D. Wetherby.

If that came up on a well known quiz show you wouldn't need to either phone a friend or ask the audience and Chris Tarrent wouldn't have time to start his facial contortions

Harrogate has become a second home to everyone in the fine turf industry and it is the thought of returning to this warm and friendly town that keeps many greenkeepers going through the early part of the winter.

Few locations can match the delights of Harrogate and when the business of the day has been completed at Harrogate International Conference Centre right in the heart of the town the opportunities which the town offers up in the evening are wide and varied.

To eat you can choose from Italian, Spanish, British, Mexican, American, French, Indian and Chinese.

You can move on to the Carrington's Night Club or Jimmy's Night Spot or take in an evening at Harrogate Theatre.

Those with a love of history might be interested in the Royal Pump Rooms or the Royal Baths for which the Spa town made its name.
