

IOG SALTEX

2-4 SEPTEMBER 2003

Windsor Racecourse, Berks

IOG SALTEX, Europe's flagship event for the open space management industry, is being held this year on 2-4 September at Windsor Racecourse, Windsor, Berkshire.

Offering a comprehensive overview of the latest products, technologies and techniques for effective and efficient open space management - as well as a definitive free seminar programme featuring key speakers from the industry - fine turf and sports, turf maintenance equipment, children's play and safety surfacing, commercial vehicles, leisure and facilities management and software as well as security equipment.

A series of round-table 'Groundsman Live' debates is the latest attraction planned for the Show Staged every lunchtime during the three-day event and sponsored by The Groundsman magazine, the Question Time-type discussions will feature a panel of industry experts who as well as voicing their opinions on a different topical issues will also be inviting audience participation.

BIGGA will again be strongly represented and will be happy to meet members and prospective members at their stand - G1.

HOW TO GET TO SALTEX

SALTEX is held at Windsor Racecourse. About 20 miles west of Central London, Windsor is easy to reach by rail, road and air. Heathrow is only a 15 minute drive away; Gatwick and Luton are within an hour's drive.

BY ROAD

From the M25. Leave the motorway at Junction 15, where you'll join the M4, heading west.

From the M4: Westbound -- leave M4 at junction 6. Eastbound -- leave M4 at junction 8/9. Then follow brown and white signs for Windsor racecourse.

BY RAIL

From London Paddington: Leave the train at Slough and join the local service to Windsor and Eton Central Station. Approximate journey time is 35 minutes.

From London Waterloo: Leave the train at Windsor and Eton Riverside Station. Approximate journey time is 45 minutes.

WIN

A PALM HAND-HELD COMPUTER!

Just look at these features: 8 MB of internal memory, Palm desk-top software for Windows, backlit colour display, rechargeable Li-ion battery, USB HotSync battery re-charger, E-mail software, expansion slot, games and much more. You could win this superb Palm computer in this month's Buyers' Guide competition sponsored by Greenlink International in support of their range of Nutri-Rational foliar.

MITSUBISHI TRACTORS

Champion class performance, rugged reliability and maximum pulling power from 20, 26 and 30hp diesel compact tractors. 4WD traction gives total grip - always.

- Hydrostatic transmission and live PTO
- Cab, turf and full accessory options

WOODS

Tough, reliable implements from Woods, USA, for use with Mitsubishi tractors.

- Mid-mounted and finishing mowers
- Loaders and backhoes
- Landscaping machinery

Spares available for all existing models of Mitsubishi tractors and Woods accessories.

GOLDEN KEY EXHIBITORS AT SALTEX

Gem Professional Stand D19

For Saltext 2003, Gem Professional is delighted to be showing their enhanced range of granular turf fertilizers. With greater emphasis on product quality and service, the range is perfectly positioned to meet every requirement.

The range is supported with turf dressings, pesticides, grass seeds and bark.

For further information and to meet our team of technical representatives, please visit us on Stand D19.

Website: www.gemprofessional.co.uk

Hayter Ltd Stand W09

Hayter commercial products are designed and built in the UK for Northern European grass cutting conditions and demanding municipal applications. They are the first choice for discerning users whichever market they operate in.

A comprehensive selection of ride on and tractor drawn equipment will be displayed. The LT322 and LT324 triples and T424 five unit have proved to be market leaders. So have the TM549 and TM749 tractor drawn gang mowers which will cope with the largest areas quickly and efficiently. Also being shown will be the R314 triple deck rotary and FM524 fairway mower. All of these products have easy access for maintenance, so important for commercial and fleet users.

A representative selection from the Hayter pedestrian rotary range, suited for both consumer and commercial markets, will be on display. There is a Hayter pedestrian rotary to suit every application.

John Deere Stand V01

JOHN DEERE

John Deere will be featuring Europe's biggest single brand range of commercial and consumer equipment, including walk behind and ride on cylinder and front rotary mowers, the new 4010 Series compact tractors with their innovative electronic transmissions, the popular and versatile Gator utility vehicles, pedestrian and tractor mounted aerators, and new machines such as the 72in Flex-deck attachment for 1400 and 1500 Series front rotary mowers, and the CP48 core pulveriser. The John Deere golf and turf range has supplied course maintenance equipment for the last three Open golf championships, including this year's tournament at Royal St George's in Kent. The John Deere brand name is backed by industry leading investment in research and development, manufacturing facilities and customer support. In addition, there's a range of flexible finance programmes available from John Deere Credit, including a new budget calculator to help you manage your annual equipment needs more easily and cost effectively.

Scotts UK Stand E01

WEATHER-WISE

Visitors to SALTEX will be able to assess a tool that can make Integrated Turf Management actually work in practice. Most greenkeepers know the ITM theory, but making it happen is another matter. Now Scotts (stand E 01) will launch the answer – the innovative Scotts iTurf system.

iTurf is a technological triumph; a system that will measure everything that can potentially have an effect on turf growth and turf health, and then collate and present the information so that the turf manager can make the right cultural decisions.

The Scotts iTurf comprises a series of stations and sensors, linked to a computer, that constantly monitors air and soil temperature, solar radiation, humidity, wind speed, leaf wetness, soil moisture, rainfall etc right across the site.

Ransomes Jacobsen Stand V15

Not just green, but seen to be green

Once again a major theme of the Ransomes Jacobsen stand V15 will be that of alternative energy with environmentally sensitive products on display. These will include the Ransomes Highway LPG triple mower for the municipal sector, the Jacobsen E-Walk electric pedestrian greens mowers and the electric version of the new Jacobsen Tournament Cut, the most flexible floating head pedestrian greens mowers available.

Also on display will be the new Ransomes ZT220D, zero turn diesel powered rotary mower and the production version of the super compact, but powerful tractor, the Iseki TXG 23.

Taking centre stage will be the new Ransomes Frontline 960 rotary mower, with a its 60hp diesel providing bags of power for municipal mowing and contracting operations.

GOLDEN KEY EXHIBITORS AT SALTEX

Toro Commercial Products Stand S31

At its new site – Stand No S31 – Toro is launching the new Groundsmaster 4100-D, which features an out-front three-section cutting deck that makes it the only fully out-front mower in the 11ft rotary market segment.

The deck produces a beautiful aftercut appearance at high work rates on sports grounds and golf course roughs and semi-roughs.

The machine has a powerful 60hp Kubota turbo diesel engine and an overall cutting width of 10ft 4in.

Also being unveiled is the Workman 2100E, an electric version of Toro's popular Workman 2100 petrol utility vehicle. The new model features Toro's unique 'twister' suspension system that provides for unrivalled traction.

SILVER KEY EXHIBITORS AT SALTEX

Bernhard & Co Ltd Stand P36

AT THE CUTTING EDGE OF TECHNOLOGY, grinding specialist Bernhard and Company recommends super sharp mower blades as the solution to helping reduce chemical and water usage.

Agronomic benefits of a surgical cut include less tissue damage, which lowers the risk of disease.

A range of cost-effective packages - to suit all budgets - is available including Express Dual and Anglemaster machines from models 1000 up to the top of the range 3000DX system. These grinders are used world-wide to achieve the finest presentation at top tournaments including The Wales Open, the US Open and The Open. With more rotary mowers being used to cut the rough, Bernhard's unique blade sharpener, Rota Master, is easy to use. Gear Rite, Rapid Relief, Rapid Facer, Chain Master and Chipper Master complete the line-up.

Bernhard quality grinders help you to achieve the highest standards in fine turf presentation.

COME TO STAND P36 TO BOOK A FREE DEMONSTRATION AT YOUR CLUB.
