

Feature listing from May 2001

May 2001; Foot and Mouth Disease Special Report; Maintenance Facility report; Bunker Sand; ATVs; RainBird Profile; Fineturf Genetics; BTME2002 countdown; Electric-powered machines

June 2001; Stoke Park Club profile; Stuart Cagle MG; Tractors; Leaf Spot Disease; Take All Patch; Construction

July 2001; Royal Lytham profile; Tees Mowers; Fertilisers; Green Grasses; John Deere profile; Sandy McDivot; College Listings

August 2001; Aeration Survey; Machrie GC profile; Rough Mowers; Saltex Preview; Dr Alan Gange - environmental research; Hayter Profile; Ponds; Open Championship review; Toro Student of the Year profile;

September 2001; Ryder Cup preview; Chafer Grubs; Drainage; BIGGA National Championship preview; Sandy McDivot; Machinery Maintenance; Soil Analysis; Wild Flowers

October 2001; Major Award for Walter Woods; Royal Portrush GC; Portstewart GC; Irrigation; Soil biodiversity; Leaf collection systems; Scotsturf preview' Saltex review

November 2001; BIGGA National Championship review; Environment Competition winner; Spraying; Toro Awards Preview; Cutting regimes; Dyke GC

December 2001; Toro Award Winners; Southern Gailes GC; BTME preview; Specialty equipment; Thatch removal

January 2002; Walton Heath profile; Greenkeeping in Denmark; Moving materials; A first for Andy Campbell; New products

February 2002; Harrogate 2002 Review; Drainage; Castlerock GC; Trees; Recycling; TurfTrax profile; Barn Owl special report

March 2002; Donnington Valley profile; Utility vehicles; Essay competition winner; Irrigation; Seeds; Sandy McDivot

April 2002; Heyrose GC profile; Bernhard's Scholarship; De-stress your greens; COSHH assessments; Rootzones and topdressing; Maintenance facilities; Essay competition

May 2002; BIGGA Report; Nematodes; Caldyc GC profile; Multi-tasking machinery; Bunker Sand; Essay competition; Fijian GC profile; BIGGA Minimum qualification

June 2002; Finding Fungi; Greatham Valley GC profile; Tyres; Calabria GC profile; Lakes and Ponds; Poa Annua - Jim Arthur

July 2002; Open preview; Turf; Steve Isacss; Emissions; Grinding; Rotary Mowers; BTME preview; Sandy McDivot

August 2002; BIGGA Golf Day; Open review; Talking Heads - Education & training; Trees; Dr Kate Entwistle; Pwllheli GC; Weather; Compact Tractors; Saltex preview

September 2002; National Championship Preview; Irrigation; Non Grass Cutters; Hawkstone Park; Careers in Greenkeeping

October 2002; Saltex Review; Golden and Silver Key Supporters; Environment Awards; Health & Safety; Sustainable Use of Pesticides

November 2002; Toro Student of the Year; National Championship; Drainage; St Andrew's Bay; Autumn Problems

December 2002; BTME & ClubHouse Preview; R&A Golf Course committee; Dr Kate Entwistle; Pennard GC

January 2003; Beedles Lake Profile; Talking Heads - Chemical Application; Rebuilding Golf Greens; Constructive Advice

February 2003; BTME/ClubHouse Review; Royal Liverpool Profile; Irrigation; Nematodes

March 2003; The Berkshire Profile; Meloidogyne; Overseeding Golf Greens; Talking Heads - Health & Safety

April 2003; Oakmere Park GC; Spraying; Golf Course Security; Bernhards Delegation; Ransomes Jacobsen Profile

Patience is the Game

What goes around comes around. Having endured some of the wettest weather any of us can remember over the past couple of years, we are in the middle of the driest and warmest March/April people up here in Scotland can remember. Temperatures are what we would hope for in the height of the summer, while at the moment rain seems like a distant memory.

People will accuse us of never being happy and always having something to gripe about but we all know that while excessively wet weather is not what we look for, neither is what we have at the moment.

In the daytime short shirt sleeves are the order of the day which is very pleasant but night time frosts are still keeping soil temperatures down. In fact, we are so dry here at Turnberry that we have had grass fires on our course and there have been several fires on roadside areas. Now you might expect grass fires in the height of a good summer but certainly not at this time of year.

It is ironic that this year it was Augusta National which had to put up with torrential rain, which made the course unplayable for the start of The Masters, while we were having to water our curled up winter turfing just to keep it alive. Who would have believed that?

The extended mild spell has meant that we have had so much play throughout the winter months, which has been followed by almost 4,000 rounds of golf on the Ailsa course during the month of March alone. This has led to some walkways becoming so dry and worn that they are breaking up already and we are having to turn our attention to them much earlier than we would normally have to.

Our second course, the new Kintyre, has also been very busy, with almost 3,000 rounds of golf in the month of March alone.

Talking of Augusta National. Yes, here we are in that time of year when committees expect our courses to be in better shape than they are! Unfortunately many of them do not realise that despite the recent

sunshine, as I write, it is still only the middle of April and with the ever increasing amount of winter play on semi dormant golf courses and the crazy demand for fast greens, courses have to pay the penalty with UNDESIRABLE grasses or, in some cases, little grass at all on their greens.

But the saddest thing of all is that the resultant problems are invariably blamed on the poor greenkeeper. What is more alarming is that many good, hard working greenkeepers are facing dismissal for carrying out these ill advised practices that are imposed upon them. BIGGA offers as much support as is possible in these situations with the panel of experienced greenkeepers available to offer advice and mediation on greenkeeping and agronomic issues. The opinion of a respected greenkeeper from outwith a golf club might just carry enough weight to change ill informed views from within. If it does everyone will benefit, including the beleaguered greenkeeper and the club itself.

The month of May will soon be upon us and most of our courses will be in better shape. Nothing every changes.

Patience is the game.
