Ingliston, Edinburgh

SCOTSTURF PREVIEW

Scotsturf looks forward to a brand new pitch!

Next month Scotsturf exhibition moves to its new location, the brand new 6,000 m² purpose built exhibition hall, at Ingliston. This state-of-the-art building will provide accommodation for the whole event under one roof rather than spread over three exhibition halls as in the past. The problems of heating and access will also be solved by the move.

Ian Beaney, Scotsturf Chairman, is really looking forward to the exhibition.

"All the logistical problems of the past should now be resolved, and visitors and exhibitors will enjoy a bright and uniformly heated hall," said Ian.

He also had a few words regarding the fact that it had been reported that some companies had pulled out of the Exhibition.

"This is a surprise to us as the companies concerned were not confirmed exhibitors for this year. As happens every year there is a turnover of exhibitors and several companies have taken a commercial decision that due to their own circumstances they would not be taking space this year, but that's certainly different from pulling out! In fact, I'm delighted to say that the show has sold faster than any previous year and is now approaching being sold out!"

BIGGA will have a stand at the Exhibition and Regional Administrator Peter Boyd and some members of Headquarters staff will be on hand to meet members and prospective members.

Other exhibitors for this year include Toro, John Deere, Kubota, IPU Group, AM Phillips Spray Techniques, CNH, McLays Supplies, Swan Plant, Wiedenmann, Allett Mowers, Swan Plant, Blec.

New state-of-the-art exhibition hall, Ingliston

WHO'S EXHIBITING?

Meet Rosie Hancher, Sales Manager, and Rachael Foster from BIGGA HOUSE to answer your queries. They will be on the BIGGA Stand with Scottish Regional Administrator, Peter Boyd, on both days.

Suppliers to The British Open Championship Venues 1991, 1996, 1998, 2001

Fortus Mats
A high quality fibre based mat with rubber shock pad, giving excellent wearing characteristics using woods and irons. Spike resistant and non-slip for the 'Tee Shot System', the Fortus mat offers exceptional grip and control.
Sizes Available:
1m x 1.5m, 2m x 1m, 2m x 1.5m, 1.22m x 1.83m, 1.5m x 1.5m

Golf Twist Mats
The Golf Twist mat is another popular choice for the golf club and range. It has proven its durability with the use of spikes, wood and irons. With its heavy duty woven surface and rubber shock pad it provides a comfortable foot hold and cushioned drive for the player. Now incorporating the Tee Shot System which enables simple location and penetration of tee pegs for the full sized right hand players.
Sizes Available:
1m x 1.5m, 2m x 1m, 2m x 1.5m, 1.22m x 1.83m, 1.5m x 1.5m

Master Ranger Mats
The Master Ranger Mat is designed for use in the driving range and golf course areas. It has a heavy duty woven surface and rubber shock pad. The mat is made of a heavy duty polypropylene surface, which enables tee pegs to be positioned at any point on the entire area.
Sizes Available:
2m x 1m, 2m x 1.5m, 1.22m x 1.83m

Quattro Range Mat
The Quattro Range Mat is designed for high use in the driving range and golf course areas. Its nylon surface together with its unique 'Spring' and foam backing provides a shock absorbent but firm stance and strike area. The Quattro mat comes with 4.8 or 12 rubber line built holes to provide maximum wear areas.
Sizes Available:
1.47m x 1.47m or 1.45m Diameter Circle

Portable Tee Frames
Portable Tee Frames for temporary and permanent use has increased during the past few years, as heavy volumes and poor weather conditions continue to cause considerable damage to accommodate our tee mats.
The mats are constructed from heavy duty materials in robust and maintenance free frames to address this problem we produce a range of robust, galvanneal and painted tee frames to accommodate our tee mats.
Options Available:
1. A two part composite for heavy galvanneal flooring, steel decking, providing good drainage.
2. Eight adjustable legs, giving 50mm Adjustment.
3. A heavy weathering cap which holds the mat in place, giving a firm and level playing area.
4. Available in 2m x 1m, 1.22m x 1.83m, 1.5m x 1.5m, 2m x 1.5m
