# Saltex time again

For those for whom 12 months is too long to go without an exhibition fix Saltex offers the perfect opportunity to catch up with developments within the fine turf industry as well as old friends between Harrogate's exhibition every January.

A fixture in the calendar for the beginning of September, Windsor Racecourse offers exhibitors the opportunity of showing their wares in action, with demonstrations a large part of Saltex's appeal. And with a wide range of ancillary products on display a walk around the extensive Show site will bring you into contact with all sorts of park and leisure equipment.

You could bump into a skateboarding demonstration or see a display of imaginative litterbins or safety equipment for play parks. While not necessarily on your own shopping list it all adds to the flavour and diverse nature of the Show.

Another innovation this year will be the construction of an "instant stadium" in conjunction with the IOG and Penton Media Group which will cover a total area of 30 metres by 50 metres and contain every component part required in a professional stadium complex.

This will include arena seating, dressing rooms, showers toilets, catering facilities, PA system, first aid point, mobile flood lighting, large screen display, portable goals and other equipment, turnstiles and barrier fencing.

But if you are purely interested in fine turf the vast majority of the companies you work with are represented and you will be able to conduct whatever business you need to do to carry you up to BTME & ClubHouse in January.

BIGGA will be well represented at the Show with the Association's caravan a well utilised meeting point for members and a reference point for anyone seeking information on membership, education, Harrogate, indeed any element of the Association's work.
