## WE HAVE A NEW LOOK FOR THE BUYER'S GUIDE!

Because we have had such a good response to our competition over the last year, we thought things might be getting just a little bit too easy for you.

So, as we know you like a challenge, we have changed the Buyer's Guide to include a teaser which will hopefully be a bit more taxing!

Take a look at the picture on the left and try work out what problem you think it might be.

The answer will be hidden somewhere in the Buyer's Guide section. OK, for the time being we might not be giving you a prize to work it out, but just think of the satisfaction of getting the problem solved!

The solution to the final Turftime Teaser in November was 'Tony Holmes Landscapes Ltd'. The lucky winner of the Red Letter Day was Mr M Chapman from Durham City Golf Club.

## Fairy Ring

Over 60 species of soil inhabiting fungi have been associated with fairy ring that colonise soil, thatch, mat and organic matter. On the surface rings, arcs, dead or unhealthy turf are the visual results with mushrooms sometimes present. Drought and water stress symptoms appear. Preventative and curative management techniques are required to suppress or eradicate fairy rings including the use of fungicides.
