

**Close, but not quite the part!**

Essex-based Madonna lookalike, Louise.

**Only genuine Toro Titan tines will give the performance you've come to expect.**

Many lookalike aeration tines fail to meet Toro standards for form, fit and function.

So get one that's not quite the part, and you'll be replacing it early and often. It could even damage your Toro equipment and affect machine performance.

It's how we design and make our Titan tines - with quality materials and advanced technology - that makes our Standard Titan tines last up to four times longer than previous Toro tines, and Titan Max tines the longest-lasting on the market.

Now with our competitive prices and 24-hour delivery service - straight to your door, if you wish - there's absolutely no need for imitations anymore.

Afterall, you didn't compromise when you chose your Toro. So give it the care it deserves.

And remember, no one can look after your Toro better than your local, specialist Toro dealer or service centre. So contact yours today.

*\*Titan tines can also be used with other manufacturers' aeration equipment.*
