While in Orlando, they will visit local golf courses, attend seminars, meet with superintendents to discuss how greenkeepers do things the other side of the pond, attend functions and of course be able to enjoy the GIS (Golf Industry Show) Conference and Exhibition.

## ABOUT THE GOLF INDUSTRY SHOW

The Golf Industry Show is an innovative trade show designed for the owners/operators of golf facilities, and the professional members of the golf course and club management industries. Like our very own Harrogate Week, the event combines education, networking and solutions for golf course superintendents, owners/operators, general managers, chief operating officers, architects and builders.

GIS is presented by the Golf Course Superintendents Association of America (GCSAA), the National Golf Course Owners Association (NGCOA) and the Club Managers Association of America (CMAA), along with other supporting organisations.

The 2008 event will take place from January 31 to February 2 and is to be held at The Orange County Convention Center. More than 25,000 golf industry professionals are expected to attend this year's show, which will feature around 1,200 exhibitors.
