

BUYERS' GUIDE

PORTERS WOOD GOLF COURSE 9 HOLE – Pay and Play

Opening to the public – July 2009

Porters Wood Golf Course has been developed from existing farm land near Shevington Village, nr Wigan., ideally situated near M6 and M58 motorway links, the course is a 9 hole pay and play a suburb course measuring 1,424 yards and consists of seven par-3's and two par-4's. Every one of the 9 holes offers a unique challenge, golfers of every ability are sure to be tested.

The course is built using the finest materials. It offers all year round play on its USGA modified greens, sand/soil based tees and wide well drained fairways, all seeded with the highest specification grass seed.

Porters Wood Golf Course used local Contractors wherever possible to work on the course, including Duncan Ross Land Drainage Ltd.

As part of the original construction work a series of collector drains was installed pre-construction to provide outlets to ponds, bunkers and Fairways. This was a very cost effective method of installing the main collector drains, the fairway drainage was then added after the grass was established, this enabled the Contractor to strategically place the drainage where it was required also preventing the drainage being contaminated by cultivation work thus improving infiltration rates. The work was completed with no disruption to the playing surface as a result the course opened as planned in early July this year.
