

BUYERS' GUIDE

Waste2water "One-Stop Shop"

With environmental concern at the top of everyone's agenda now is the time to be planning to make sure your facilities are in compliance with the new EU Water Framework Directive.

Did you know Waste2Water's system is designed to enable an easy low cost upgrade of your existing wash-off facilities to ensure you are complying with the new legislation? More importantly, did you know the company supplies everything you need to upgrade your wash pad?

Waste2Water Supplies & Installs:

- Waste2Water Recycling Wash-Off Systems
- Waste2Water Chemical Stores
- Waste2Water Chemical Mixing Tanks
- A wide range of Diesel Fuel Stations
- Above Ground Petrol Tanks
- Wash Pad Construction

Installing a Waste2Water System enables the end user to undertake all potentially polluting activities (eg equipment wash-off, refuelling, degreasing, chemical mixing etc) on the controlled wash pad area, removing any pollution concerns as all these activities are reliably treated by the Waste2Water system. Better still, the Waste2Water Recycling Wash-Off System also reduces water usage by a massive 90%!

With the "Waste2Water One-Stop-Shop" everything is done to bring maintenance facility operations right up-to-date ensuring compliance with the ever-increasing environmental legislation!

Waste2Water will be delighted to arrange a free site visit and assist at a facility design, often being able to upgrade existing facilities at minimal cost - making an upgrade even more affordable.
