

BUYERS' GUIDE

It's a colourful world

Flag poles; flag sticks; flag pins; flag accessories; hole cups; putting cups; hole cutters; hole trimmers; tee markers; flags; logoed flags; wavy flags; air flow flags; printed flags; embroidered flags with your name on; triangular flags; flags that are not flags but wicker baskets; flags with your Captain's face on maybe? Maybe not?

Welcome to a day in the life of the golf course products supplier. It's a colourful world says

Andrew Acorn, as he sets off with his stock of flags & products visiting golf courses up and down the country.

Every day is a new challenge with changing climates changing golf committees with new ideas that are put in front of the greenkeepers saying.... "This year I want new flags with our special logo on."; "All new ball washers out on the course in my year of office!"

"I talk with everyone from the Secretary, to Pro, to the assistant greenkeeper, to the bar staff, and the club member. They all have their own personal view of what looks good what doesn't," says Andrew.

"I'm awaiting for the launch of the Hydraulic hole cutter that is on a mechanical arm of a greens machine which does the job without a fuss and which may or may not arrive. But for now we will continue cutting perfect holes with the twin bladed holmaster or one of our HIO Impact cutters for that professional tournament finish."
