

BUYERS' GUIDE

Drainage at 12th Green at The Castle Course in St. Andrews

Meiklem Drainage

The Castle Course is the seventh course at the Home of Golf. Set on a rugged cliffline overlooking the ancient town of St. Andrews, the course combines breathtaking views with a memorable golfing challenge.

The par 71 course has five tees on every hole and the length ranges from 5300 yards to 6789 yards from the boxes.

John Meiklem Drainage Contractors was responsible for all Fairway and Green Drainage at the Construction Stage of this course at the home of golf.

New technology

John Meiklem Drainage Contractors are the first in Scotland to operate "The Trimble GPS Water Management System", producing 3D topographical images not only showing field contours but using the survey information to quickly design drainage systems for their clients, either on site or back at the office.

- Survey and design much quicker (reducing costs)
- Depth/grade control and drain line positioning
- Less affected by adverse weather (reduces downtime)
- Minimises man hours (reducing costs)
- Minimises quantity of back fill (reducing costs and environmental benefits on using natural resources)
- Maps the installation for future reference.

Anyone interested in observing this new technology, can contact John Meiklem Drainage Contractors by telephoning 01383 830217 or emailing admin@meiklem.com and quoting: BIGGA 2012
