

# BUYERS' GUIDE

## Lakeland Earthworks

Lakeland Earthworks first and foremost specialise in golf course construction, alterations and renovations. With over 35 years experience in the specialist earthworks industry Lakeland believe the successful creation of a golf course requires a thorough knowledge and understanding of the game. This knowledge has been gained through years of experience built on working with some of the best designers and course managers in the industry.

Lakeland operate and own a wide range of specialist plant, machinery, transport and equipment including 360 excavators with the latest power tilt attachments, dumpers with low ground pressure tyres and bulldozers. Some of this machinery has been manufactured to individual specifications in order to ensure improved efficiency in service provision.

Lakelands experienced management team and skilled technicians pride themselves on being able to deliver projects to the highest standard, on time, within budget with minimal disruption to golf club members and the environment.

Golf course construction services include project design, planning and management, earthworks, shaping, drainage installation, water engineering, final preparation, surface installation, aftercare and seasonal maintenance.

Lakeland has the pleasure of working with many Professional Golfers together with some fantastic Architects, Designers, Course Mangers and Greenkeepers in the country. Lakeland are proud to provide a first class service to all of its clients and cater for a wide range of budgets from municipal facilities through to top Championship courses in the UK and Europe.

Fully trained, vastly experienced and qualified operatives, attention to detail, and of course full health and safety compliance make Lakeland an ideal choice for your golf course construction projects.
