

# BUYERS' GUIDE

**JK SONICS**  
Remote First Aid Solutions  
PPE and Safety Products

Suppliers of the G5 Defibrillator

First Aid Kits    First Aid Refills

Personal Protective Equipment & Safety Products

Defibrillator Supply & Training

**JK Sonics is a family run company whose aim is to provide affordable first aid solutions. We specialise in the supply of First Aid Kits specially selected for remote workers as well as first aid kits compliant to the new British Standard BS-8599 for areas including the Clubhouse, Kitchen, Driving range and Maintenance Facility. In fact, any first aid item can be purchased from us so please contact us for a quote based on your individual needs. PPE and safety products are also available from us.**

#### First Aid:

We have two first aid kits designed with outside working in mind. A remote First Aid grab bag kit designed for taking out on the course either attached to mowing equipment or utility vehicles. Our Remote Trauma grab bag kit is designed for higher risk tasks including Tree work or construction. Both kits can be found on our website.

**Personal protective pouch:** Provide protection for individual workers from the sun and insect bites. Instant eye care treatment on the course too.

#### Defibrillators:

It's hard to predict sudden cardiac arrest (SCA), because many victims do not exhibit symptoms. In fact, more than 50% of SCA victims have no previous symptoms of coronary heart disease.

It's important to know time is the critical factor in responding to a sudden cardiac arrest. According to the European Resuscitation Council (ERC), survival falls by 10 to 12% per minute. In addition, each minute the brain goes without oxygen diminishes the likelihood that the victim will return to normal neurological function. After 10 minutes, it's unlikely a patient will survive SCA. While CPR can extend this period, defibrillation is the only effective therapy for sudden cardiac arrest. We are providers of the Powerheart G5 defibrillator, a vital piece of equipment for remote locations including golf courses.

#### Rescue Position Indicator:

Ensure you can be found easily in an emergency by using the Tel-Tail rescue position indicator on a fairway or an area close to the casualty. This is included in both our remote grab bag kits described above but can also be purchased individually.

#### TRAINING:

First Aid and defibrillator training can be arranged through us. Quotes will be based on individual requirements.
