# BIGGA Seminars at SALTEX 2013

The Grandstand, Royal Windsor Race Course

Wednesday 4 September 2013

BIGGA is delighted to have once again, been invited by the IOG to present a series of seminars at SALTEX 2013.

**10.15 am – 11.15 pm**  
**Greens Drainage - Mission Possible**

A workable solution - Transforming soil based greens with Deep Thatch and Black Layer at Robin Hood Golf Club. Discover the methods used and the solution to draining troublesome greens.

*Presented by Andy Wood, Course Manager, Robin Hood GC.*

**11.30 am – 12.30 pm**  
**Sand Traps and Money Pits**

This session will look at managing and constructing golf course bunkers on limited budgets, whilst revisiting the past to shape our future. It will also include the art of compost creation and it's role in modern traditional greenkeeping.

*Presented by Stuart Yarwood MG, Golf Course Manager, Lymm Golf Club.*

**1.00 pm – 2.00 pm**  
**Go in Green.....Come Out Clean**

Winter disease on golf greens is particularly problematic since there is little turf growth to allow recovery and for scars to heal. This can impact the playability of greens right through into the spring period leading to the dissatisfaction of golfers. An integrated approach to disease management can reduce the disease pressure, improve turf health and enhance the performance of fungicide applications. New findings on disease management will be presented along with practical advice for how to deliver smooth, disease free greens right through the high risk autumn and winter periods.

*Presented by Dr Simon Watson, Syngenta Technical Manager, EAME Turf and Landscape.*

**BIGGA CPD Credits**

- 1 CPD credit is available for each seminar.  
A CPD register will be available at the end of each seminar.
