ADASStand No. A3

Nobel House, 17 Smith Square, London SW1P 3JR
Tel: 071-238-5782 Fax: 071-238-5732

Contact: Chris Stansfield

The ADAS exhibit at the BIGGA Turf Management Exhibition 1992 will focus on the very topical subject of water management for turf areas.

Reflecting the importance of adequate drainage and irrigation ADAS provides comprehensive diagnostic and design services for both, from initial problem identification through to contract management and future maintenance programmes. All design work and management recommendations utilise the very latest scientific and technical information, while taking full account of environmental and economic considerations.

With locally based consultants supported by in house specialists, diagnostic and analytical laboratories, ADAS is ideally placed to respond quickly and effectively to turf management problems as and when they arise.

Askham Bryan College is the centre approved by the Greenkeepers Training Committee for the North East and East Midlands areas. A series of courses have been developed in consultation with the County Golf Unions and Greenkeepers Association in the region. The courses are therefore designed to fit career training at all levels, from new entrants to aspiring managers. The courses are offered on a "block release" basis, with accommodation if required. Each course consists of a series of one week blocks spread over the year. The College also offers courses in Agriculture, Horticulture, Gamekeeping, Floristry, Tourism, Business Management and Forestry.

ATTERTON & ELLISStand No. A17

Iron Works, Hamley Road, Haverhill, Suffolk CB9 8QH
Tel: 0440-702312 Fax: 0440-712138

The EXPRESS DUAL will be shown, which is capable of not only conventional plain cylinder grinding with the cylinder removed, but also in-situ grinding of the cylinder when still mounted in the machine - a particularly useful feature when resharpening during mid-season. A 'Professional' kit will be included which allows a larger range of cutting units to be sharpened.

The ANGLEMASTER heavy duty bottom blade grinding machine will also be shown and will include a power traverse feature. Both machines are well proven and carry the Atterton hallmark of quality and reliability and may be seen in use in many of the leading golf courses throughout the country as well as many other parts of the world.

BARENBRUG UKStand No. A95B

PO Box 2, Rougham Industrial Estate, Bury St Edmunds, Suffolk IP30 9NW

Tel: 0359-70766 Fax: 0359-71021

Contact: Carol Abbotts

BARENBRUG, Europe's leading grass seed company, is able to provide greenkeepers with the top varieties on the STRI, Bingley list. BARDOT, browntop; BARCROWN slender creeping red fescue; BARUBA chewing fescue; all of these varieties, specially developed for greens, tees and fairways - are constituents of the BARENBRUG's amenity brand mixtures: the "BAR" range. To ensure that you are able to create the best course, not only in the UK, but especially in the eyes of your members, come to the BARENBRUG stand A95B in Hall A.

BECKER-UNDERWOOD, INCStand No. B9/11

801 Dayton Avenue, Ames, Iowa 50010, USA
Tel: 515-232-5907 Fax: 515-232-5961

Contact: Roger Underwood

Becker-Underwood is a U.S. based supplier of speciality colourants and spray pattern indicators. Turf Mark blue spray indicator is available as a Water Soluble Packet (WSP) or a convenient Tablet for CDA and small hand-held sprayers. The WSP's each treat 200 litres of spray. No plastic container remains following use for disposal. The tablet quickly dissolves when dropped in the spray solution to easily mark the spray application. Green Lawngrer is a sports turf permanent grass colour for dormant or discoloured turf. Lake Colourant WSP is the fast, easy way to colour lakes and ponds.

BETTER METHODS-EUROPEStand No. A87

Brantwood House, Kimberley Road, Parkstone, Poole, Dorset BH14 8SQ

Tel: 0202-740142 Fax: 0202-722300

Better MethodS are again showing a wide range of their turf care hand tools and golf course accessories. These include two new items recently introduced. The B.M.S. Soil Profiler, which allows easy examination of soil strata and root growth etc. and the B.M.S. Turf Stripper, which can be supplied with various blades to provide varying widths and depths of cut. Also on show, the U.S.G.A. STIMPMETER. Better MethodS are the U.K. distributors for this well known tool for measuring green speeds. Several American Eagle products will be exhibited including the new 16ft. Dew Switch which is proving very popular. Products of B.M.S. manufacture shown include the Turfmaster Golf Hole Cutter, Turf Doctors, Levelawns and many other firm favourites.

BIGGA welcomes all visitors to Harrogate once again. The Association is delighted to be organising the event which shows every indication of developing into the largest indoor Exhibition and Educational Seminar Programme throughout Europe.

At the BIGGA stand you will be able to obtain all current BIGGA literature and be updated on developments within the Association. Details of membership of the Association will be available and for those so wishing there will be the opportunity to complete applications for membership whilst visiting the stand. Visitors should particularly note details of the Master Greenkeeper Certificate. The award of this certificate will indicate that recipients have achieved the highest standard of excellence within the profession of green-keeping.

Please ensure that you take a copy of the programme for the National Education Conference to be held at the Royal Agricultural College, Cirencester from 27-29 March, 1992. An eminent panel of speakers has been assembled with a wealth of greenkeeping knowledge and experience and delegates will greatly benefit by attending at this major three day educational event.

The full range of BIGGA merchandise will be on sale and also details of the TRIMS Computer Software Package will be available - fast becoming a vital management aid for the progressive course manager.

Please take a copy of 'Greenkeeper International' - essential reading for greenkeepers, golf clubs and the industry.

The Association's staff look forward to meeting you on the Stand, where much lively and informed discussion can be assured.

.....Stand No. C5

13 The Rainbow Business Centre, Phoenix Way, Swansea Enterprise Park, Morriston, Swansea SA7 9EH

Tel: 0792-791179 Fax: 0792-797748

Contact: Howard Evans

Howard Evans Financial Services was set up on 1st November 1990, specifically to offer financial advice to all BIGGA members on pensions, mortgages and other related financial topics. As you probably know, Howard Evans has been offering financial advice to the BIGGA membership since August 1989 but the initiative has proved so successful that Howard has reorganised his activities to give even more time to answering the financial questions posed by BIGGA members. Howard Evans Financial Services is an Appointed Representative of Standard Life, possibly the UK's most respected investment, pensions and life assurance office and certainly the European Community's largest mutual life assurance company. Howard Evans Financial Services offers all BIGGA members free advice on the full range of financial topics, but retains a primary interest in ensuring that all members are making adequate contributions to an appropriate Pension Plan. In the last 18 months many greenkeepers have started contributing to a BIGGA Personal Pension Plan. Some are making contributions entirely on

their own whilst others are having contributions made on their behalf by their Golf Club.

Either way, we all know sensible financial planning for the future makes sense.

Call and see Howard Evans on Stand C5.

FARMURA LTDStand No. A89

AN UNBEATABLE PEDIGREE

HARROGATE
Stand A 17

Here at Atterton & Ellis we have been making Grinders for over 100 years and although we say so ourselves, we are rather good at it and our Grinders prove it!

It is hardly surprising that during this time we have made Grinders for just about every type of cylinder on the market and for most of the prominent Grounds and Golf Clubs around the country.

In fact, in our work shops at the moment we have Express Duals ready to go to America – the Atterton is well proven on the other side of the Atlantic too!

Our customers tell us the reasons we are still in demand 100 years on – our dedication to service, the quality of build, the value for money – they all add up to the finest Grinders available today.

We have constantly changed and adapted our manufacturing techniques to combine the best of yesterday's skills with the benefits of tomorrow's technology.

But more important than all that we are first and foremost Grinding enthusiasts and are happy to talk and give advice whatever your grinding requirements.

The Atterton Master leads the field – The Express Dual a technological revolution, in-situ and separate cylinder grinding – The Anglemaster, a bottom blade grinder to complement the best in cylinder grinding machines.

Tel: 0428-645454

Contact: Roger Mossop

ICI Professional Products will be featuring the highly successful 'Longlife' range of fertilizers, which includes a number of products incorporating the slow release molecule 'Didin'. The incorporation of 'Didin' helps to create a more even growth pattern by reducing the initial flush experienced with conventional fertilizers and is available as soon as the plant starts to grow. The display will also concentrate on the range of well known ICI turf care pesticides, including the fungicide 'Daconil' turf, and the ever popular herbicide Super 'Verdone'. The ICI range goes beyond the maintenance of turf, and we can offer a number of products to use in the landscaping and general maintenance of the golf course and club house area. The most versatile of these products being 'Casoron' G, which can be used for selective weed control in shrubberies, total weed control around buildings or even weed control in water hazards. Call on the ICI stand No. B61 and see the new applicators for use with this popular product.

*REMEMBER TO ASK FOR DETAILS OF THE 1992 "ICI PREMIER GREENKEEPER AWARD", specially organised for BIGGA members.

new 4WD, 24hp, FZ2400. With revolutionary zero turn, this front mounted ride-on mower gives the operator the tightest turning circle compared with any other similar model. Also featured on the Company's stand are the new Kubota W Series of walk behind mowers and the new self discharging collectors compatible with Kubota's range of ride-on mowers and compact tractors. Kubota will also be showing the 40 SAE hp (36.5 DIN hp) L3250 tractor, complete with the new low noise 'Q' Status DL cab which has a noise rating of 82 dba at the driver's ear.

Few colleges in the UK can boast such a long association with greenkeeping and groundsman training. In addition to offering a wide range of traditional part-time and full-time courses, the Lancashire College is also leading the field in the development of commercial and educational links within the leisure industry which provides a considerable bonus to all courses being run by the College.

LAWN TECHNOLOGY LTDStand No. A83/85

The theme on the Lloyds of Letchworth's stand at BTME will be the importance of maintaining and servicing equipment. Lloyds has built a reputation for quality after-sales-service through its own specialist department in Letchworth, and is now able to extend this facility to embrace Customer Choice Maintenance. New for 1992, the Vertical Rake attachment for 21" Paladins comprises twenty-six specially hardened steel, ten-bladed discs, each set 19 mm apart. Easy to fit, the Vertical Rake has height adjustment and debris collection facility. Whether purchasing outright or leasing, Lloyds' finance scheme through Barclays Mercantile Highland Finance will help to spread the load.

UNILOG GOLF PRODUCTS – Nothing enhances a landscape setting more than the use of a natural material blending with the surrounding countryside. Timber, with its soft look and versatility, is such a material and one which is being increasingly used within golf club developments. The UNILOG range of top quality products compliment the natural environment and are suitable for many golf club applications. The design possibilities presented by UNILOG are limitless, including earth retaining walls for raised tees, winter and practice tees, litter bins, trip rails, softwood bollards, border edging, lake revetment and a full range of sign boards and other directional indicators.

VITAX

By Appointment to Her Majesty the Queen
Manufacturers of Fertilisers and Insecticides
Vitax Limited

EXCITING NEW PRODUCT
FOR TODAY'S TURF MANAGERS

PRODUCT FEATURES

- 1000's of patented micro perforated funnels moulded into the gro-cover polythene fabric.
- The design of the micro funnels collect and store the sun's heat.
- Gro cover floats on and protects the emerging grass.

PROBLEM GREEN

VITAX GRO-COVER FOR FASTER & BETTER GRASS SEED ESTABLISHMENT

Now read what Stewart Boyes, Head Greenkeeper of Harpenden Golf Club Ltd, Harpenden, Herts, has to say about Gro-Cover.

"A complete cover of new grass in only two weeks and the green back in play within three. I cannot praise your product enough and would recommend it to anyone in the greenkeeping profession."

PRODUCT BENEFITS

- Provides uniform ventilation and porosity with a 93.5% available light transmission.
- University tests show night low temperatures are increased up to 7°F for soil and 6°F for air.
- Protection against birds, wind and washaway.

3 WEEKS LATER

FINE TURF TOP DRESSING

A GUARANTEED HIGH QUALITY TOP DRESSING BLENDED TO CLIENT SPECIFICATION

▶ A controlled mix of sandy loam mineral soils & washed river sand to aid fertility & facilitate aeration & drainage.

▶ Fortified with copper & zinc for increased resistance to fungal diseases & a faster recovery rate for affected greens.

▶ Low pH encourages growth of selected grasses.

▶ Iron content hardens sward & greens without flush growth.

▶ Will not layer out & cause root break.

▶ Easy to apply & spread without dusting.
