

# A tonic without being a pick-me-up.

Fisons new Greenmaster Liquid and Seafeed liquid products bring new standards of quality and performance to the market. Both are specially effective where a green is under constant use and where using granules may result in 'pick up' on bowls or golf balls. When conditions are particularly dry, new Greenmaster Liquid combines the premium Greenmaster performance with the rapid 'green-up' and flexibility of a liquid – while new Seafeed is a wholly organic turf tonic which stimulates root growth and aids water retention. New Greenmaster Liquid and Seafeed from Fisons – a real cause for liquid celebration.
