## The high quality top dressing that keeps your greens in top condition

There is no secret to maintaining first class greens. The answer is simply the regular application of a first class top dressing.

**ABCON Top Dressing** is of the very highest quality, using carefully sterilised and screened soils, accurately mixed with consistently graded, lime-free sand.

We have vast reserves of natural resources at our disposal, ensuring that the same raw materials will be available for many years to come, and that means that you can continue to enjoy the same consistent quality with the same predictable results.

## Individual Attention

Our standard top dressing is a 70/30 mix of sand and sterilised soil. However, many of our customers prefer other mixes, 80/20 or 60/40. We are pleased to supply these, BAGGED OR IN BULK, without any delay and at no extra cost. Other mixes are available to order.

All our customers receive our best service.

If you have particular requirements for mixing, delivery or any specification, just let us know. **At ABCON we have complete commitment to customer satisfaction.**

The logo for ABCON Top Dressing features the letters 'AB' in a large, white, bold font on a red background. Below this, the words 'TOP DR' are written in a smaller, white, bold font, also on a red background. The entire logo is set against a black and white vertical bar that runs down the right side of the page.
