

PARKER HART AMENITY/TURFCARE DISTRIBUTION CAREERS IN SALES

Following the merger of Maxwell Hart and Parkers a number of sales positions have been created throughout the country.

High basic salary, commission, car and other benefits are on offer for enthusiastic, self motivated individuals looking for a sales career with the UK's premier amenity/turfcare distributor.

Applications are invited from **around the country** for home based roles developing and maintaining sales areas supported by an extensive national distribution network.

Previous sales experience is not essential although a knowledge of the industry would be beneficial.

Phone Bob Cook or Neil Stewart for further details or send brief career history to the address below.

All applications will be treated confidentially.

PARKER HART

Malden Green Farm, Worcester Park, Surrey KT4 7NF

Tel: 081 337 7791 Fax: 081 330 7392

COURSE MANAGER/ HEAD GREENKEEPER

Suitably qualified persons are invited to apply for this position at one of the most prestigious parkland golf developments on the east coast of Ireland.

A fully qualified person is required to fulfil the essential role as part of a progressive golf club management team.

Construction and seeding will commence shortly. The Course Manager/Head Greenkeeper will assume responsibility for the development and maintenance during the grow-in period and beyond.

A very attractive salary and employment package will be negotiated and will reflect the importance of this key position in an exciting new enterprise.

The development is within commuting distance of Dublin. Accommodation is available if required.

**Apply in strictest confidence with full CV to:
Frank Lafferty & Co., Chartered Accountants,
7 Herbert Street, Dublin 2**

All applications are forwarded directly to the client

★ POSITIONS ALSO AVAILABLE
FOR ASSISTANT GREENKEEPERS

Kirkbymoorside Golf Club

require

HEAD GREENKEEPER

The Club offers a senior qualified greenkeeper the opportunity to lead an enthusiastic team in the further expansion of an attractive and growing golf course situated in North Yorkshire.

Currently 18 holes with development approved for three new holes and a practice ground, the club has a policy of constant improvement.

The successful applicant will be able to demonstrate experience of golf course management with a practical knowledge of modern greenkeeping machinery and budgetary control. The ability to lead and motivate staff, organise work programmes and maintain health and safety standards is essential.

The salary is negotiable according to qualifications and experience. Appointment to commence 1st September 1993.

Interested applicants should apply in writing with a full CV to:

The Honorary Secretary, Kirkbymoorside Golf Club, Manor Vale, Kirkbymoorside, York, North Yorkshire.

INVERNESS DISTRICT COUNCIL
DEPARTMENT OF LEISURE AND RECREATION
TORVEAN GOLF COURSE AND OTHER
SPECIFIED FINE TURF AREAS

HEAD GREENKEEPER LOWER CHARGEHAND RATE + BONUS (£160.74) – 39 hr week

Applications are invited for the post of Head Greenkeeper based at Torvean Golf Course.

We are looking for a greenkeeper/manager of fine turf areas who has a formal qualification, but proven experience of working to the highest possible standard in the management of fine turf areas will be equally acceptable.

The successful applicant will be responsible for managing the following fine turf areas:-

1. Primary Function – Management, maintenance construction and development of 18 hole golf course c/w practice range putting green and amenity horticultural features.
2. Bowling Greens – Maintenance of four flat rink municipal bowling greens to the highest standard including amenity horticultural features.
3. Cricket – Assist in the maintenance of two Cricketing venues in an advisory capacity and provide practical assistance when required.
4. Other fine turf areas – As and when these are developed provide advice and practical expertise when required.

The suitably qualified person will be part of a team involved in the effective and efficient delivery of a grounds maintenance service in a CCT environment.

The suitably qualified person will be flexible and able to communicate clearly with the staff under his/her control, general public and provide specialist training in the sphere of fine turf management in its broadest context.

Application forms are available from the Director of Leisure and Recreation, complete with Job Description and Specific Duties and Responsibilities.

Inverness District Council, Department of Leisure and Recreation, Town House, Inverness. Tel: Inverness 724224. Closing date for receipt of completed applications FRIDAY 28th MAY, 1993, 12 NOON.

AROUND THE GREEN

45 → overestimated: the Environmental Health Officers are on the move.

COSHH Assessments are also still available from our resident expert, Mr. Noel Stevens. This service can be arranged through me, or by contacting Noel direct on 0452 526111. In the meantime, I'll wish you a successful summer of greenkeeping, and look forward to seeing many of you at Enmore Park on 6 July.

PAUL WORSTER

NORTH EAST

On 24 March section members were invited by Abcon Top Dress Supplies to visit their plant and witness production of their top dressings. A full tour of the plant, under the guidance of Alan Taylor and his son Gavin, gave us a full run-down on the process from start to finish – and the ten greenkeepers who attended were most impressed by it all. Our sincere thanks to Abcon for providing a most enlightening tour, an excellent buffet lunch, and to everyone on their staff for ensuring that we had an enjoyable day.

Congratulations to Brian Hughes, assistant greenkeeper at Whickham GC, on becoming the proud father of a baby daughter.

JIMMY RICHARDSON

MIDLANDS

During February a group of our members visited Ransomes factory in Ipswich, where they were shown around and were able to see how machinery is designed – from raw steel to design and through to assembly. The section would like to thank both Ransomes and ET Breakwell for sponsoring the two day visit and for entertaining us so well.

On 26 March we held our final lecture of the winter series at Telford Country Club. Subjects covered were Jacobsen machinery and its maintenance, and Envirogreen and how it works. Both subjects prompted good discussion and made for an enjoyable afternoon. The section extends thanks to both Jacobsen and Envirogreen and especially to Oakley's, who provided refreshments and also a prize for the informal golf played in the morning. On a personal note thanks to Ivan Beetlestone, who did a fine job in organising the lectures during the winter.

The Summer Tournament is to be held at Kidderminster GC on Thursday 17 June with entries due in by 17 May. Anyone wishing to play but without an entry form may contact me on 0789 762912.

DEAN CLEAVER

MIDLANDS REGION – RYDER CUP 1993

Derek Ganning, course manager at The Belfry, has requested the help of a support team during the Ryder Cup, to be held over 24-26 September. A total of 24 members are required to assist from 20-26 September and though you'll get to see something of the action at this world-class match, unfortunately no accommodation is available. Anyone interested in attending should contact Dean Cleaver on 0789 762912.

COMING UP

May 25-30: Amateur Championship, Royal Portrush, Northern Ireland

June 9-10: Landscape Industries '93, National Agricultural Centre, Stoneleigh Park, Warwickshire

August 18-19: The Walker Cup, Interlachen, Minneapolis, USA

September 7-9: IoG Show, Peterborough, Northants

September 24-26: Ryder Cup, The Belfry, Sutton Coldfield, Warwickshire

The lightweight with heavyweight muscle
 The new Jacobsen LF3810 makes less of a footprint at 12 PSI ground pressure than its opposition, making it the ideal lightweight for delicate fairways.

Combine this with the muscle of five 7" diameter (10 blade or 5 blade) reels that handle all kinds of grass and conditions beautifully, along with a short roller base to hug undulations that other machines might scalp, and you'll see why the LF3810 is such a winner on your turf.

Accessibility you'll love

The operator platform and rear hood flip up for great access to all the major components.

Great comfort for great operators

The Jacobsen LF3810 is loaded with comfort; a full suspension seat complete with armrests, five position tilting steering wheel, two pedal hydrostatic drive, full instrumentation along with drinks and oddment bins to make day long operation comfortable.

Great balance on slopes

The transverse up front engine gives you exceptional balance on slopes and inclines.

Fairway cross cutting - no problem

Thanks to Jacobsen's exclusive synchroshift control - giving you single push or pull levers to lift 3, 4 and 5 cylinders simultaneously.

GreenSentry - To help you maintain a spotless reputation

Jacobsen's exclusive GreenSentry oil leak detection system ensures you keep marks off the fairway.

The benefits are endless

Hydrostatic drive for variable speed, power backlapping, heavy duty hydraulics and 38hp water cooled diesel engine for great economy.

Send us the coupon or give us a call and we'll tell you more about the new Jacobsen LF3810.
