BTME

## STREAKS AHEAD OF THE COMPETITION

**The efficiency of today's highly engineered lawn mowers and quality of cut can only be maintained with correct and accurate grinding of their cylinders and blades.**

The 'Leader' range of grinders not only achieves this but offers many features unequalled on any other machine, making them the ultimate in lawn mower grinders.

At the heart of a 'Leader' is a solid free standing frame with a cast iron bed and 2" precision ground guide rails that ensures an accuracy of less than 0.005" in 30 inch in straightness, whether grinding insitu or out of frame.

Coupled with this, great emphasis has been placed upon operator safety with a self contained coolant

system, fully enclosed canopy that reduces noise and dust levels to a minimum and safety cut out devices that allow the operator to leave the machine whilst on automatic operation with absolute confidence.

For a demonstration and further details contact:— Linda Adams

**S U P R E M E  
M O W I N G**

**17-21 January 1994 at the Harrogate International Centre, Harrogate, North Yorkshire**

**The BIGGA Turf Management Exhibition is open from 9am on all three days.  
It closes at 5.30pm on Wednesday and Thursday and 1.30pm on Friday.**

Entry to the Exhibition is free but unless you have pre-registered, you will need to complete a registration card.  
Visitors who have pre-registered will be handed their identification badges at the door.

Organisers' / Press office is on the left hand side of the entrance hall.

Workshop sessions will be held in the Old Swan Hotel whilst the general seminar programme, running concurrently with the Exhibition, will be held in the Royal Hall – entrance from Hall C.

## Welcome to a packed programme of events

### Monday and Tuesday, 17-18 January 1994

**Two-Day Educational Workshops**  
10.00 hrs – 12.30 hrs : 14.00 hrs – 16.30 hrs  
THE OLD SWAN HOTEL, HARROGATE

**Workshop 1**  
**GRASSES ON GOLF COURSES**  
Course Tutors: John Hacker and David Stansfield,  
Professional Sportsturf Design (NorthWest) Ltd.

**Workshop 2**  
**HEALTH AND SAFETY**  
Course Tutor: Jon Allbutt

**Workshop 3**  
**FORMULATING, IMPLEMENTING AND MONITORING A GOLF COURSE POLICY DOCUMENT**  
Course Tutors: Jeff Perris, Sports Turf Research Institute; Arthur King and Edward McCabe, Course Manager, Brokenhurst Manor Golf Club.

**Workshop 4**  
**BRIDGING THE GAP**  
Course Tutors: Dennis Mortram and Tony Gentil,  
Reaseheath College.

### Wednesday, 19 January 1994

**THE ROYAL HALL, HARROGATE**  
10.30am  
Opening ceremony and presentation of Industry and Education awards by the Rt Hon the Lord Griffiths, M.C., with BIGGA President, Viscount Whitelaw. Followed by launch of "Keeper of the Green" video.

**Seminar Programme Session A – Royal Hall**  
1.40 – 2.10pm  
**EDUCATION – WHERE DO WE GO FROM HERE?**  
Huw Parry, BIGGA Education Chairman and Course Manager, Bristol and Clifton Golf Club.

2.10 – 2.40pm  
**HOW TO GET YOUR OWN WAY AT WORK... EVERY TIME**  
A vigorous and challenging introduction to the art of

influence and persuasion – Frank Newberry, Management Consultant.

3.20 – 3.50pm  
**GROWING IN PHILOSOPHIES ON A NEW GOLF COURSE**  
Terry Buchen, Superintendent, Double Eagle Golf Club, Galena, Ohio

3.50 – 4.20pm  
**TROLRIES – DO THEY REALLY DAMAGE OUR GOLF COURSES?**  
Andrew Boyd, Head Greenkeeper, Bridlington Golf Club

**BIGGA ANNUAL GENERAL MEETING**  
5.15pm at the Old Swan Hotel. Membership cards must be produced.

**QUIZ NIGHT**  
8.30pm at the Old Swan Hotel.

### Thursday, 20 January 1994

**Seminar Programme Session B – Royal Hall**  
9.30 – 10.00am  
**THE GREENKEEPER AND THE RULES OF GOLF**  
Peter Greenhough, Brough Golf Club

10.00 – 10.30am  
**TEAMBUILDING**  
Derek Keen, Area Golf Course Manager, Tudor Park Hotel Golf & Country Club

11.10 – 11.40am  
**PROs AND CONs OF BENTGRASS**  
David Duke, Deputy Course Manager, Wisley Golf Club

11.40 – 12.10pm  
**THE HISTORY OF GOLF AND GREENKEEPING**  
Ian MacMillan, Course Manager, Balbirnie Park Golf Club

**SECOND EUROPEAN FORUM**  
12-2pm at the Old Swan Hotel. Aimed at ascertaining the needs of greenkeepers throughout Europe. Speakers include Tommy Lindelof from Sweden, Tor Senstad from

Norway and Frederick ten Hage from Holland. All international members are invited to attend.

**INSTITUTE OF AGRICULTURAL ENGINEERS – AMENITY & ECOLOGICAL ENGINEERING GROUP MEETING**  
2-5pm at The George Hotel. "Golf course engineering – from green field to fine turf." Free admission to BTME delegates on production of registration badges.

**Seminar Programme Session C – Royal Hall**  
1.40 – 2.10pm  
**INITIATION OF THE INNOCENT**  
Jane Leyland, Reaseheath College

2.10 – 2.40pm  
**STANDARDS FOR GOLF GREENS**  
Tim Lodge, B.Sc., Sports Turf Research Institute

3.20 – 3.50pm  
**LET'S PUT A POND IN**  
Mike Sheehan, Golf Course Manager, Mere Golf & Country Club

3.50 – 4.20pm  
**LIGHT AT THE END OF THE TUNNEL**  
Tony Smith, Course Manager, Teesside Golf Club

**EXHIBITION BANQUET**  
and cabaret from 'West End Nights', Old Swan Hotel.

### Friday, 21 January 1994

**Seminar Programme Session D – Royal Hall**  
10.00 – 10.30am  
**IS THE GRASS REALLY GREENER IN EUROPE?**  
Nicholas Davies, Course Manager, Schloss Schwobber

10.30 – 11.00am  
**ORDNANCE SURVEY – MORE THAN COARSE MAPS**  
Peter Dickens, Chief Surveyor, Ordnance Survey Office

11.00 – 11.30am  
**EARTHWORM CONTROL**  
Stuart Ormondroyd, B.Sc., Sports Turf Research Institute.

## FROM THE CHAIRMAN

The 1994 BTME is even bigger than the record-breaking 1993 event.

Almost a year's worth of work by many people has made it possible for me to make that simple statement and whilst the BTME has certainly caught the imagination of exhibitors and delegates, let no-one assume that the show's organisation happened by itself.

As we look forward to a great week in Harrogate, I want to pay tribute to everyone in BIGGA, especially Louise Lunn, for sterling efforts in achieving what many thought would be impossible – to create a show of even more industry importance than in 1993. Thanks also to the BTME Steering Committee, staff, Board of Management, Regional Administrators, Section Secretaries, everyone in the industry and all the members – thank you for working together to build a brighter future for us all.

New for 1994 is the inclusion of BIGGA's annual general meeting, at 5.15pm on Wednesday 19 January at the Old Swan Hotel, which hopefully will allow more members to participate and make some constructive input. The move to using BTME as a suitable venue for the AGM is specifically designed to gain

wider response from a wider spectrum of members. Don't forget, you will need your membership card to gain admission.

The BTME is an occasion to meet up with old friends, make new ones and enjoy a camaraderie unique to our profession and our industry. Exhibitors – as you will read in the following pages – have lined up an almost overwhelming display of equipment and services. Speakers in the seminar programme come from different backgrounds of experience, indeed from different countries, but have come together with the common aim of enriching your job and your life.

Enjoy yourself!

**JOHN CRAWFORD, Chairman, BIGGA**

around Britain, Ireland,  
Europe and worldwide.

# SPEAKER PROFILES

Frank Newberry is a lively and popular trainer with clients all over the UK. He combines down-to-earth knowledge and experience with great energy to provide stimulating and practical presentations.

Frank's talk is about the art of influence and persuasion at work. This topic is a sensitive and difficult one for many people and Frank has said that he is keen to quickly get the right atmosphere in the conference room. He has requested that the doors be closed at 2.10pm sharp on Wednesday and that there be no late admittance or re-entry to the conference hall until he ends his presentation.

**How to get your own way at work... every time by Frank Newberry is presented at 2.10pm, Wednesday 19 January in the Royal Hall.**

John Hacker and David Stansfield combine their talents and experience to present Grasses on the golf course, in the two-day educational workshops.

John Hacker is a consultant agronomist with Professional Sportsturf Design (North West) Ltd. Prior to going into full-time consultancy work, John was senior lecturer at

Myerscough College where he developed the National Diploma in Turf Science and Sports Ground Management. For three years he was examiner for the City & Guilds Phase II Greenkeeping and Sport Ground Management Course.

David Stansfield has been a golf course agronomist since 1978. For many years David was a senior agronomist with the Sports Turf Research Institute and acted as consultant agronomist to the R&A championship courses in England on their behalf.

**Grasses on golf courses by John Hacker and David Stansfield, Workshop One, Monday-Tuesday, 17-18 January at the Old Swan Hotel.**

With 24 years as a head greenkeeper and an ambition to achieve the Master Greenkeeper status, Ian MacMillan is an ideal candidate to present The History of Golf and Greenkeeping.

The course manager at Balbirnie Park Golf Club started his greenkeeping experience when as a junior member of Cambuslang Golf Club in Glasgow, he was more often to be

found helping the greenstaff than playing golf. Ian's been with Balbirnie Park, in Fife, for over ten years and appreciates their support in his quest for knowledge. "Education plays an important part in my life," he says. Ian spent five years at Elmwood College and is now back there in the second year of a HNC in golf course management - a qualification he hopes will lead to HND.

**The History of Golf and Greenkeeping by Ian MacMillan is presented at 11.40am, Thursday 20 January in the Royal Hall.**

Huw Parry has been a member of the BIGGA Education Sub-Committee for three years and Chairman for the past two years.

Huw has been course manager at Bristol and Clifton Golf Club for

three years. Previously he was course manager at Caerphilly Golf Club.

As Chairman of BIGGA's Education Sub-Committee, Huw has close involvement with college liaison committees and is a member of the Working Group that has written the new GTC Training Manual.

Education has always been a major part of Huw's involvement with BIGGA and his aim is to create excellence in greenkeeping and golf course management through education and training.

**Education - where do we go from here? by Huw Parry is presented at 1.40pm, Wednesday 19 January in the Royal Hall.**

Stuart Ormondroyd joined the STRI staff as an agronomist in 1982. His advisory work has involved all sports in the regions of Scotland, Wales and the north of England until 1986, when he joined the newly formed golf unit.

For the last seven years Stuart has specialised in advising golf courses in the north of England, the Midlands and Ireland.

**Earthworm control by Stuart Ormondroyd is presented at 11am, Friday 21 January at the Royal Hall.**

- Meets current Health and Safety regulations
- Mounted/trailed/demountable units
- Choice of tank sizes 200-1500 ltr
- Choice of boom width 4m-12m with optional 3m walk boom

# SPEAKER PROFILES

Jayne Leyland's presentation, *Initiation of the Innocent* is designed to reflect the experiences felt – and sometimes endured – by those people new to the industry.

Thirty four year old Jayne turned to greenkeeping when it seemed logical to her to combine her two passions of sport and horticulture. She gained a distinction with her National Certificate in Horticulture at Reaseheath College 1992/93.

The subject matter of Jayne's paper is an introduction to the first year of studies for the new BTEC Higher National Diploma in Golf Course Management held at Reaseheath College in Cheshire. Content will include brief details of the relevant theoretical and practical subject areas covered, together with other experiences encountered during the first year – for example, a very rewarding study tour to Scotland.

**Initiation of the Innocent by Jayne Leyland is presented at 1.40pm, Thursday 20 January in the Royal Hall.**

The people Terry Buchen, golf course superintendent from Ohio, has worked with make up a veritable who's who in golf.

Terry – who collects his Master Greenkeeper Certificate at this year's BTME – has grown-in 11 golf courses across the United States alongside Jack Nicklaus, Tom Weiskopf and Jay Morrish, Tom Fazio, Pete Dye and Ted Robinson.

Terry comes from a family of golf course professionals is a former PGA Tour agronomist and advance-man on the regular US Tour. He will speak in Harrogate on growing in philosophies on a new golf course.

Forty six year old Terry is also a contributing editor to an American golf course news magazine and writes a column 'the savvy superintendent'.

**Growing in Philosophies on a New Golf Course by Terry Buchen MGC is presented at 3.20pm, Wednesday 19 January in the Royal Hall.**

Mike Sheehan has been in greenkeeping for 22 years. He spent a short time as an assistant professional before returning to greenkeeping.

Mike started his career at Child-

wall Golf Club in Liverpool before being promoted to deputy head greenkeeper at the age of 21. At 23, he left Childwall to become head greenkeeper at West Derby Golf Club in Liverpool, where he spent four years at this beautiful parkland course.

In April 1983 Mike then moved to Mere Golf and Country Club working for Hawkstone Park Hotel Group as golf course manager. In January 1984 Mere was bought by entrepreneur Stephen Boler and since then there have been many major developments at Mere both on and off the course. Mike has been involved in all the changes, which have all been carried out in-house, including tee and green construction and pond construction.

**Let's put a pond in, by Mike Sheehan is presented at 3.20pm, Thursday 20 January in the Royal Hall.**

You can't know it all, reckons Andrew Boyd, and the best way forward is to keep on learning.

Andrew will be applying his knowledge as head greenkeeper at Bridlington Golf Club to his chosen subject when he asks, do trolleys really damage our golf courses?

Andrew's love of the land started at a very early age and he went straight into greenkeeping when he left school. He moved to a firm of horticultural engineers but it wasn't long before the lure of the golf course brought him back to where he belonged. Andrew, aged 36, is committed to his education and has attended a variety of BIGGA courses.

**Trolleys – Do They Really Damage our Golf Courses? by Andrew Boyd is presented at 3.50pm, Wednesday 19 January in the Royal Hall.**

Speaking in Harrogate will be something completely different from the time Peter Greenhough took to the stage in 1988: then he was lecturing in India, Singapore, Indonesia and Thailand.

Peter, a former Yorkshire County Player and member of the Royal & Ancient Rules of Golf Committee, will speak on *The Greenkeeper and the Rules of Golf*.

The joint managing director of an insurance group and present captain of Brough Golf Club, has a

extensive knowledge of his subject for the educational seminar programme. He was guest lecturer at the Royal Canadian Golf Association Rules Seminar and Examinations in 1988 and is presently serving on the R&A's championship committee.

**The Greenkeeper and the Rules of Golf by Peter Greenhough is presented at 9.30am, Thursday 20 January in the Royal Hall.**

Peter Dickens, chief surveyor with the Ordnance Survey Office, brings his experience to bear in his presentation *Ord-*

**nance Survey – More than Coarse Maps. Hear Peter at 10.30am, Friday 24 January in the Royal Hall.**

With a degree in botany, Tim Lodge carried out plant physiology research for two years and worked for 18 months as a botanical surveyor for the Suffolk Wildlife Trust before taking up his present post, in 1989, of golf research officer with the STRI.

After six months study of pure sand golf greens, Tim took responsibility for a research programme investigating the construction, irrigation and fertiliser nutrition of UK golf greens, funded by the R&A.

He is currently engaged in a survey of golf greens from golf clubs throughout the UK, in order to identify the range and forms of greens encountered and to establish standards of performance.

**Standards for golf greens by Tim Lodge is presented at 2.10pm, Thursday 20 January at the Royal Hall.**

## THE ULTIMATE WETTING AGENT

Formulated for today's climatic conditions. Water is one of our planet's most precious resources using it more resourcefully, makes both economical and environmental sense.

- Once a year treatment.
- Rapid and deep penetration through thatch and dry patch affected turf.
- Easy to mix in cold water and use in cold climatic conditions.
- Major savings on future watering and irrigation requirements.
- Maximises the benefits of subsequent fertiliser and chemical applications.
- Successfully trialled by a number of leading U.K. Golf Courses.

Available in 10 litre containers.

## NEW VITAX GRO-COVER PEGS PLUS EYELETS

Vitax Gro-Cover, the microperforated polythene germination sheet with its unique funnel shaped perforations, was launched at the BTME 1990.

Hundreds of satisfied users have told us that it provides the most cost effective means for better and faster grass seed establishment.

Their only request: could we improve the means of anchoring the product down on windy and exposed sites? We always listen to the trade and we have solved the problem with the new Vitax Gro-Cover pegs plus eyelets.

ADAS offers a comprehensive consultancy service for the management of golf courses and other sports turf facilities. At BTME this year we will be featuring the ADAS Golf Course Management Scheme, the objectives of which are:

- (i) to place golf course maintenance on a sound scientific basis;
  - (ii) to give complete technical support to greenkeepers;
  - (iii) to provide full information for decision making;
  - (iv) to maximise golfer satisfaction with the course.
- Membership of the scheme is open to all golf courses in the UK. A vital component is the ADAS Greenkeeper's Record Book. Greenkeepers also have a direct link to an agronomist for help and advice through the ADAS Turfline.

Several models form the wide range of tractors and power units designed exclusively for turf and grass maintenance applications giving wide track stability for hillside work, hydro-mechanical transmissions for control, reversability for front mounted mowers and attachments. To complete the range diesel, 4x4 transporters give many low cost transport facilities. All Antonio Carraro tractors and transporters have low ground pressure features which allow damage free travel on golf greens.

**AQUAPLAST IRRIGATION**

Stand No. B27

109 Chapel Road, Hesketh Bank, Preston, Lancashire PR4 6RU

Tel: 0772 813571 Fax: 0772 815885

Contact: Wendy Penny

Aquaplast Irrigation's manufacturing partners Revaho b.v produce highly competitively priced PE pipes for irrigation systems. Offering both a 6 bar and 10 bar range from 20mm to 110mm the pipe you want is available with quick despatch direct to site.

Aquaplast Irrigation offer complete systems which are powerful yet friendly and each is designed to meet a customer's own specific irrigation requirements.

Our installation teams are fully equipped and experienced to install to your instructions.

Aquaplast can offer installation flexibility with either partial or total schemes.

Experience in all aspects of applied water control and exposure to the latest technology – control panels, sprinkler heads, pumps and ancillary equipment – allows us to give our customers the most effective irrigation systems available today. Quickly responding to customer calls and providing fast service keeps them coming back.

When it comes right down to it, you'll need to protect your investment – even if your budget is tight – so the supply of quality water in sufficient quantity becomes a top priority.

With our 12 years in the irrigation business Aquaplast has the expertise necessary to see that your investment is thoroughly protected and secure.

**ARENA SPORTSTURF LTD**

Stand No. B15

Monks Walk, Ash Priors, Taunton,

Somerset TA4 3ND

Tel: 0823 432231 Fax: 0823 432231

Contact: Paul Hutton

Arena Sportsturf's stand will feature the Moneystone range of products. There is no doubt that the right selection of the appropriate materials has the most profound effect on the final result and for this reason Arena Sportsturf have chosen the full Moneystone range, including the famous Bunkersand, Top Dressing and Rootzone. Moneystone products are produced at Hepworth's quarries to the highest standard and are constantly monitored to maintain quality and consistency. Arena's complete range of accessories for golf courses plus our range of pathway materials cockleshells, bark and stone walkways will be on display.

**ATTERTON & ELLIS LIMITED**

Stand No. A8

Iron Works, Hamlet Road, Haverhill,

Suffolk CB9 8QH

Tel: 0440 702312 Fax: 0440 712138

Contact: David Smith

For over 100 years, Atterton & Ellis have led the field with their innovative range of grinding machines.

On stand no. A8 will be the market leading Express Dual,

the perfected answer for those who wish to sharpen both 'in-situ', that is with the cylinder still in the cutting unit and sharpen just as efficiently with the cylinder removed.

The 'Professional' model will be shown which allows the operator to grind an increased size range of cutting units and has become the standard for precision grinders in the industry today.

Bottom blades have to be sharpened separately and the Anglemaster provides the precision solution. The Deluxe model will be shown which features a power traverse facility.

**BAILEYS OF NORFOLK**

Stand No. A15

Brick Kiln Road, Hevingham, Norwich, NR10 5NL

Tel: 060 548607 Fax:

Contact: Alan Bailey

Sports turf dressing manufacturers. Suppliers of Norfolk Fen Soils, sterilised Loams sands and Cockleshell.

**BARENBRUG UK LTD**

Stand No. A44

PO Box 2, Rougham Industrial Estate,

Bury St Edmunds, Suffolk IP30 9NW

Tel: 0359 70766 Fax: 0359 71021

Contact: Michel Mulder

Michel Mulder, newly appointed managing director of Barenbrug UK, will display the company's vast array of seeds for fine turfgrasses on Stand A44.

Greenkeepers are invited to discuss the future of the fescue, an area where Barenbrug revolutionised seed breeding for golf course requirements. Michel considers that fescues have been maligned due to incorrect selection, often on price. Barenbrug's programme tests new varieties under stress of drought, low fertility etc., mirroring the greenkeeper's problems.

The resulting varieties dominate the STRI lists. Barcrown, Bargreen, Baruba, Bardot and Heriot – amongst the most highly rated cultivars for fine turf – are found in Barenbrug's BAR 2, the most widely used golf mixture.

Also on display will be Barenbrug's latest sensation. Heriot, a new *agrostis tenuis* cultivar with up to 60% improvement in compactness and disease resistance, compared with *A.castellana* Highland. Heriot is the highest rating Brown-top bent with a massive 7.1 for short growth and 7.7 for shoot density.
