were established in 1947 as a Massey Ferguson agent and are no strangers to the needs and demands of the modern grass care professionals.

1995 saw the formation of Walter Wilder Grass and Power together with the backing of Massey Ferguson, Iseki and Richard Long Engineering.

New Machinery on display includes: \*GT 5000 Fine cut gang flail mower – perfect for sports grounds, parks and other amenity operations. The first real alternative to the cylinder mower.

**Turf Machinery Ltd** – stand O1 – Spare Parts & Engines – Top quality replacements parts and engines for your turf and grass machinery – Toro – Jacobsen – Cushman Ryan – Ransomes etc.

New Machinery Sales – Maruyama – Brush Cutters and Hedge Trimmers, Turfco – Top Dressers, Edgers and Turfcutters, Easyrake – Powered Dethatchers.

Contract & Hire – Contact us for your aeration and drainage requirements.

**British Overhead Irrigation** – stand M2 – British Overhead Irrigation Ltd will display a com-

prehensive range of irrigation hardware for both portable use and permanent installation including automatic controls and accessories. Most of the equipment can be seen operating on the demonstration area and experienced staff will be hand to discuss any irrigation matters of interest to you. Demonstration area B.

**Toro** – stand W50 – is launching three new turf products for both the amenity and golf course markets on Stand No W50 at SALTEX '95. Also being announced is a new four-wheel-drive version of its popular Workman 3000 utility vehicle.

First in the new line-up is the Groundsmaster 3000-D, an out-front rotary with a totally different design which incorporates

The new Toro Groundsmaster 3000-D

many new features to deal with the demands of larger amenity and local authority operators. There are deck options, including recyclers.

Next comes the Greensmaster 3200-D, the latest model in Toro's top-selling greensmower series, which features a unique new cutting system for unrivalled quality of cut.

Completing the turf products' picture is a new Triplex mower, the Reelmaster 2300-D. Designed to give a precision cut around bunkers, greens, tees, collars and approach areas, the machine is all-new in design, engine, drive, main frame and more.

**Dixon & Holliday Ltd** – Dixon & Holliday are specialists in Knapsack brushcutters, movers and hedgetrimmers, and offer a wide range of machines ideal for golf course use. Knapsack design minimises fatigue and gives the

operator better balance. Flexible drive provides an exceptional zone of reach and enhanced safety and control. It also gives either right or left handed use.

A wide range of cutting heads is available to suit all applications from cutting grass to pruning or thinning trees of several inches thick. The D & H hoverhood offers the easy manoeuvrability of any hover mower with the added advantage of total control when cutting banks. The hedgetrimmer give the operator maximum freedom to cut without restriction while the cultivator is ideal for loosening and weeding borders, mulch and sand bunkers where its portability and ease of use give it exceptional advantages.

**John Deere** – stand V4 – offers a comprehensive range of equipment for the professional, amenity turf and golf course markets, backed by an unrivalled

# MAKE PEACE WITH YOUR GREENKEEPER...

## Order an Atterton for him this season.

He worried the life out of all the committee members and kept on complaining about sending out his cylinders for grinding.

He told everyone about the attributes of an Atterton grinder, how you can grind in-situ with the cutter unit still in the machine.

Now you can grind the cylinder separately when the machine's stripped down for maintenance.

Now there's a new model out with a relief grinding attachment and an electric drive lifting platform to get those heavy old gang units up onto the grinding table.

Now there's a bottom blade grinder that made the ideal pair and how the pair of them would enable him to keep his cutter units and the course in tip top condition.

Now they're both the best in the business and he wanted 'em bad!

We made peace with our greenkeeper – do the same and you'll see how an Atterton reduces service account costs and provides real benefits to your greenkeeper and the course!

## Our greenkeeper.

Truly way out in front, the T44 is the self-propelled gang mower. The only choice you need to make is 10" fixed or 8" floating heads with 6, 8 or 10 knives.

Ample power, advanced controls, weight transfer, four-wheel drive and differential lock combine to make this machine your perfect greenkeeper.

To proceed further in your quest for perfection, call us today for full details and to arrange a demonstration.

level of parts and dealer service support.

Over 20 models are on display at Windsor, including several machines being seen for the first time at a UK event, such as the 2653A diesel professional utility mower. This three-gang, three-wheel drive, ride-on machine was introduced in July, with new 30in cutting units available from this September.

The 455 AWS (all-wheel steer) and 415 lawn and garden tractors, launched at last year's event, have already become a popular choice with local authorities, city councils, groundscape contractors and DSOs, and can be seen equipped with side discharge mower decks and a materials collection system.

**Charterhouse Turf Machinery Ltd** on Stand C28 has some exciting developments on display. The Verti-Drain has become the Turf Manager's ally in the fight against compaction and the latest models will be on show for the time in this country.

The Turf Tidy, launched at BTME this year, makes its Saltex debut and Charterhouse Turf Machinery is promising more

new products in the coming year making the stand one which should not be missed by Grounds Managers and Greenkeepers.

Managing Director David Jenkins and his team look forward to meeting established and new customers.

**Tildenet** – stand M16 – is launching an exciting new scratch card promotion at Saltex in September. This follows the enormous success of the company's "Win a holiday in Barbados" promotion at the British Growers Look Ahead Exhibition last January at the NEC, won by Mark Floyd from Broadhouse Farm Nursery in the West Midlands.

Tildenet will be exhibiting their extensive range of products, specifically designed to assist Groundsmen and Greenkeepers, including their new range of germination sheets.

**Sports Ground Irrigation Co.**, Sales will be at Pavilion A9/10 exhibiting the full Hunter range from the new PSC 6/9/12/16 Station controllers and the HPV 1" Solenoid valves to the complete series of sprinklers.

The Hunter Sprinklers range from the PS-Type/PGM/PGP Garden/Shrub series with the new 1/2" triple swing joints to the very popular industrial I-Series of which Hunter offers seven different types to suit any application.

Hunters Golf Series offer you the G550/P/Circle, the G600 F/Circle and G650 1"/Circle & G700 F/Circle, with the choice of the same type of sprinklers in the new V.I.H series.

Hunters Bowling Green Series the G750 & V.I.H. G756 gives the same choice.

Sports Ground Irrigation Sales offers associated products.

The CIC Controller has remote facilities for golf course irrigation and shortly we will be adding the PC operated controller.

**Rigby Taylor** – Stand M1 – Yet more interesting new ideas from Rigby Taylor for the Professional

Groundsman, Greenkeeper and Local Authority Manager. The Team that introduced RIMIDIN and BASTION bring you more new products to solve problems and bring better results, along with a comprehensive range of Golf Course and Sports Equipment.

Come and talk to the company with the widest product range – come and talk to Rigby Taylor.

**Lubrication Engineers** – Stand X17/18 – has provided a lubrication service to many of the best known names in British Industry for more than 20 years.

This advanced lubrication technology is now available for use in the turf management business.

Our products are designed to deliver high performance levels. Maintenance and downtime costs are cut dramatically so you will recover the initial cost of the lubricant many times over.

## WHO TO LOOK OUT FOR AT THE SHOW

Demonstrations will be given throughout the day.

**Grass Roots** - In a bit of a hole? Help is at hand from Grass Roots, the busy greenkeepers one-stop shop, offering competitive prices and guaranteed immediate delivery to get you through a crisis.

With over 150 clients throughout the south of England, the Wokingham-based firm can save you not only time, but money. Specialising in the golf sector, Grass Roots can supply anything from turfcare consumables, machinery sales and service to furnishings and maintenance, avoiding the need to shop around individual suppliers.

Grass Roots' selection of turf-care products offer value and choice to suit all budgets. Sourced from well-known suppliers they are happy to supply whatever brand customers are currently using. Their range includes several grades of top dressing, top quality grass seed, bunker sands, top soils, turf and tools to mention but a few. Their catalogue reads like the A-Z rang-

ing from Aggregates to Wetting agents and Work wear.

**H. Patisson & Co Ltd** - stand T17 - When looking for course furnishing you have to look no further than the new Patisson's.

From the tee to the green, Patisson's offer a wide variety of choice to suit any golf course requirement or budget.

From the tee area Patisson's wide range starts with wimple placement markers to their exclusive popular resin pear shaped and golf ball tee markers, the latter being recently re-launched that are now of a better quality. As an alternative Patisson's also offer Tee Consoles, which come complete with a sign that can show anything from the course layout or simply the yardage information. This concept also lends itself to allow advertising to be placed on the back of the sign.

The launch of Patisson's new "Royale Ball Washer" made of cast aluminium, the first 18 having been supplied to St Andrews is proving to be a great success.
