HHI ELECTRONICS

Stand No. C19

Unit G15, Rudford Industrial Estate, Arundel, West Sussex, BN18 0BD, Tel: 0903 730068

Fax: 0903 732587

Contact: David Carter

HHI manufactures a range of irrigation controllers capable of controlling from 4 to 400 solenoid valves. The company makes both multi-wire and two-wire irrigation controllers, the two wire controllers are designed for turf irrigation over a large physical area.

This year HHI Electronics is launching the MCI-400S two wire controller which is designed for irrigation of Golf Courses. The unit can control up to 4300 solenoid valves with up to 12 valves being operated simultaneously.

All controllers include an impressive range of features and with the capability to customise the controller to meet the customer requirements. The controllers also allow the direct attachment of the light sensor, a rain sensor and/or a volume meter to provide more sophisticated control of irrigation.

Whatever your turf care requirements visit Jacobsen on Stand No. C51.

On show will be a comprehensive range of turf care and grass cutting machinery to maintain a golf course in a top class condition. Machinery being exhibited includes tees, greens, rough and fairway mowers and also a range of maintenance trucks and attachments.

JOHN DEERE

Stand No. B48

Langar, Nottingham, NG13 9HT, Tel: 0949 860491

Fax: 0949 860490

Contact: Graham Williams

John Deere's commitment to the golf and turf industry is reflected in a full range of equipment being exhibited at Harrogate. The Company has experienced considerable

growth in 1994 and looks forward to additional success in 1995. Much of our growth has come from the 3235 lightweight fairway mower, the 2653 Tees and Surrounds mower and the 2243 Greens triplex. Our machines have proved popular with greenkeepers because of their high quality of cut and ease of adjustment.

The Gator low ground pressure utility vehicle is ideal for all load-carrying operation.

Our new 220 greens mower, features an 11 bladed cylinder and replaces the popular 22" greens mower. A new 1145 with 28hp will be many greenkeepers choice for cutting the rough.

Please call by and take a look at the exciting range of John Deere golf course equipment.

JOHNSONS SEEDS

Stand No. A20

London Road, Boston, Lincolnshire, PE21 8AD,

Tel: 0205 365051 Fax: 0205 359857

Contact: Paul Clayton/Duncan Beale

Long and Short Grass Mixtures from Johnsons - Colour photographic panels will illustrate how Johnsons varied range of golf course mixtures satisfy the company's slogan 'The long and short of it' - long for Roughs and the naturalistic areas around the golf course; and short for the Greens and parts of the Fairways.

Full details are provided on the specialist mixtures - J1 and J2 (both treated with the fungicide Apron T) and Greensmaster for Greens; J3 for both Tees and Fairways; JG 64 for Fairways alone; and J8 for Roughs. Examples of wild flower mixes are also available to blend with the grass in certain areas.

Johnson's J team will be present to discuss individual golf course requirements.

KAWASAKI MOTORS (UK) LTD

Stand No. C15

1 Dukes Meadow, Millboard Road, Bourne End,

Buckinghamshire, SL8 5XF, Tel: 01628 851000

Fax: 01628 850886

Contact: Peter Yeow

With low ground pressure characteristics, automatic drive, useful cargo beds and ability to carry up to two people, Kawasaki's Mule utility vehicles are finding many customers in turf care.

The Mule 2500 displayed is fitted with a top dresser powered by a Hydraulic Power Pack to demonstrate the versatility offered. Other variants include the Mule 2500E which can be registered for limited road use by bonafide users, plus the 4x4 Mule 2510.

Able to use a wide variety of after-market equipment, and with weatherbreak (not safety) cabs available as Genuine Accessories, these vehicles offer year-round practicality for a host of tasks.

Come and say hello to

CAROL DUTTON

Massey Ferguson Grass Equipment supplies a wide range of compact tractors and turfcare machinery for the professional groundskeeper market. In addition to its own branded products, the company is the exclusive distributor for Iseki turfcare equipment and Bucher grounds maintenance machines in the UK and Ireland. All three ranges are sold through a nationwide network of dealers.

On show at BTME will be models from the 17 to 35 hp MF 1200 compact tractor line-up and the 25 to 45 hp Iseki TA compact tractor range. Also on exhibit will be the Iseki SF 300 diesel front cut mower and Iseki SG diesel riders.

MAXICROP INTERNATIONAL LTD**Stand No. C54D****Weldon Road, Corby, Northants, NN17 5US,
Tel: 01536 402182 Fax: 01536 204254
Contact: Jenny Paxton**

Maxicrop International Ltd manufacture a range of turf care management products all based upon seaweed extract Plant Growth Stimulants. Maxicrop Seaweed Extract works in a completely different way to chemical fertilisers and trace elements; it is a highly complex soup of the majority of the organic and inorganic constituents and breakdown products of seaweed.

The key constituents in Maxicrop Seaweed Extract are naturally occurring Plant Growth Stimulants – a complex mix of betaines, cytokinins and other organic compounds.

When used correctly, they will stimulate increased root and shoot development, resulting in healthier, more stress and disease resistant turf.

Contact: Nigel Mackenzie

For Turf Maintenance the Ford 2120 offers a high degree of versatility. Creep speed gears, economy PTO and a powerful 4 cylinder engine make this tractor an ideal choice for all types of sportsturf.

Standard equipment on the Ford CM224 includes a dual range Hydro Transmission, automatic 4WD and a weight transfer system for improved traction. Exhibited with a 60 inch flail mower, the CM229 is an ideal choice for contractors.

Demand is increasing for grass collection and as a result Ford offer fan assisted collectors for GT diesel mowers and 1220/1520 compact tractors. Three bags provide around 10cu ft of grass capacity.

OAKLANDS COLLEGE

Stand No. C37

**Oaklands Campus, Hatfield Road, St Albans,
Hertfordshire, AL4 0JA, Tel: 0727 850651**

Fax: 0727 847987

Details will also be available on the exciting new range of fertilisers from Scotts UK Ltd.

So, for new or reconditioned machinery, contracting or hire, repairs and spares and the most comprehensive range of turf care consumables in the business - visit us first.

H PATTISSON & CO LTD

Stand No. B44

**342 Selbourne Road, Luton, Bedfordshire,
LU4 8NU, Tel: 0582 597262 Fax: 0582 505241**

Contact: Iain Richardson

Pattison Equipment can be found on most Golf Courses throughout Europe. Based at Luton the company has direct sales van service equipped with mobile telephones ensuring prompt attention. It is the experience of the Pattison staff that maintains its place as the leading European Golf Course Equipment supplier of innovative ideas and equipment, with continuous upgrading of the regular Greenkeepers tools; the Supercut, HoleCutter and the Cup Remover are now accepted as basic requirements on every course.

Golf Range and practice ground items are well catered for with very competitive prices. The Pattison Range Ball Dispensers are simple to install 240 volt or 12 volt operation and very easy to maintain; the semi automatic Ball Washing unit combined with a Pattison Elevator keeps the labour element of handling Range balls down to a minimum.

Pattison also supplies custom bag-tags - membership discs, green fee labels, captain day flags, corporate hospitality packs, promotional packs, custom yardage markers, bag support stands, golf cups, club house medal boards, etc.

SP6 1AB, Tel: 0425 652087 Fax: 0425 652476**

Contact: Philip York

Europe's leading independent golf course irrigation consultants will be available to discuss how their cost effective services can benefit owners, members, management and staff alike when considering the purchase of an irrigation system, up-dating or adding to an existing one, investing in alternative water sources or any other irrigation related matters

PRIME WATERMAN

Stand No. B33

**Trustans Farm, Westleton Road, Darsham,
Saxmundham, Suffolk, Tel: 0728 668668**

Fax: 0728 668068

Contact: Glyn Prime

Prime Watermen are main agents for the Weather-Matic range of irrigation equipment as well as being designers and installers of complete irrigation packages tailor-made for turf, landscape and sports applications.

The Weather-Matic range comprises impact and gear driven pop-up sprinklers together with remote control valves from brass and plastic materials and also electrical controllers giving microprocessor accuracy at traditional mechanical controller costs.

Along with this Prime Watermen have introduced a three-wire, remote-valve control system which gives a visual display and permanent printed record of the date and time of irrigation periods, watering times for individual stations.

PSD AGRONOMY LTD

Stand No. A 11

**42 Garstang Road, Preston, Lancashire, PR1 1NA,
Tel: 01772 884450 Fax: 01772 884445**

Contact: J W Hacker

PSD Agronomy Ltd provide a complete agronomic consul-

tancy service for the Golf Course. Whether upgrading a mature course to cope with today's increased play or developing a new course, PSD Agronomy can help you. Many mature golf courses are suffering severe agronomic problems and PSD Agronomy can provide the technical and analytical support necessary for a busy greenkeeping team.

New Golf Courses are being planned every week. Having PSD Agronomy as part of the team will help ensure a high quality, well managed project. See Mike Habridge, John Hacker or David Stansfield on Stand A11 for further details of services.

R&R (UK) LTD

Stand No. C31B

**Blackstone Road, Huntingdon, Cambridgeshire,
PE18 6EF, Tel: 0480 411146 Fax: 0480 450091**

Contact: Paul English

R & R are the Industry's supplier of Lifting Equipment for large and small machines. Our products easily justify themselves on performance alone, but increasingly we are supplying golf courses who are concerned that they meet Health and Safety requirements. Kill two birds with one stone!

RAIN BIRD EUROPE

Stand No. B22

**535 Rue George-Claude, Z.I Les Milles,
Aix-En-Provence, Cedex 03 13792 France,**

Tel: 33 42 24 44 91 Fax: 33 42 24 24 72

Contact: Bruno Windegger

Spanning six continents and touching more than 100 countries with its products and services, Rain Bird has grown to a position of industry leadership through a 60-year commitment to uncompromising quality. Dating from the introduction of its first product, the original impact sprinkler, the company has been known for its innovation in both the design and application of its products.

Today Rain Bird offers landscape and golf architects the widest choice of pop-up impact or closed-case sprinklers, electric valves and water management control systems. Whatever your irrigation needs are: bowling greens, football or rugby fields, horse race tracks, golf courses, parks and city landscape developments, hockey or putting greens, there is always a Rain Bird solution.

RANSOMES, SIMS AND JEFFRIES LTD

Stand No. A30

Ransomes Way, Ipswich, IP3 9QG,

Tel: 01473 270000 Fax: 01473 276300

Contact: Chris Saunders

A range of high performance equipment for year-round turf maintenance is featured in the Ransomes' exhibit. Making its UK debut is the Fairway 250 lightweight fairway mower for high output precision mowing of quality turf. First time at BTME are the Greensplex 160 (petrol or diesel engines) and E-Plex (all-electric) greens mowers, both already making a significant impact with turf professionals. These fine products are joined by the Cushman Junior Turf-Truckster, a four wheel Turf-Truckster with power steering, a Ryan GA30 turf aerator and a Super Certes walk-behind mower for precision work on golf greens, tennis courts and cricket squares.

REASEHEATH COLLEGE

Stand No. C40

Reaseheath, Nantwich, Cheshire, CW5 6DF,

The STRI is recognised as the leading authority on the production and management of golf courses. It is the national centre for the investigation of problems affecting the establishment and maintenance of turf for golf and a range of other sports and amenities. Its advisory service provides the means by which this expertise is made available to the industry. STRI agronomists cover all parts of the UK and several European countries where they advise on over 1000 golf courses. STRI also provides an architectural service, carries out ecological appraisals of golf courses and offers a 5-day instructional course for greenkeepers.

48 Hillmorton Road, Rugby, CV22 5AD, Tel: 0788 568818 Fax: 0788 537485

Contact: Richard Webb

TACIT offer the Course Manager and Greenkeeper a wide range of golf course equipment traditionally made to the highest standards yet competitively priced to suit most budgets. New items added to the range for 1995 are the U-Boot Shoe Cleaner, Bronze Bell and Bracket, suitable for the Fairway, Clubhouse or Centenary, also Big Bird Bunker and Maintenance Rakes with 24" sturdy head and lightweight fibreglass shaft.

TALBOT FARM LANDSCAPES

Stand No. C22

Talbot Farm Nursery, 75 Derby Road, Hilton, Derbyshire, DE65 5FP,

Tel: 0283 732755 Fax: 0283 732755

Contact: Sean Goodwin/Mark Goodwin

Talbot Farm Landscapes is a progressive company, which operates nationwide, laying turf right across the scale ranging from small family homes to large country houses, sports fields and amenity areas for local authorities.

We have successfully completed a number of golf courses throughout the country to include The Carnegie Golf Course, Skibo Castle, Durnoch; Pavenham Park Golf Course, Bedford; Burgham Park Golf Course, Burgham, Northumbria; Matten Hall Golf Course, Matten.

We have also undertaken work at a number of business developments throughout the country and have recently developed our own laying machine, "The Turfporter", which is proving to be a major asset to our company.

T.I.L. IRRIGATION LTD

Stand No. A15

Water House, 10 Carvers Industrial Estate, Southampton Road, Ringwood,

Hampshire, BH24 1JS, Tel: 0425 476261/2 Fax: 0425 472380

Contact: Peter Roberts

T.I.L. Irrigation Ltd., a member of the Hydroscape Group Ltd., will once more be amongst the exhibitors at BTME. As one of the founder exhibitors, T.I.L. view the show as an important date in the Events Diary, and an almost unique opportunity to meet new and old friends.

The T.I.L. staff will be on hand to show visitors the latest range of Toro Golf Course Sprin-

klers, including the 700 Series which, after being launched at Sandown last year, has taken the market by storm. Also on display will be the Toro Network CDS Irrigation Control System now being used by many new golf course developments around Europe, including The Kildare Golf and Country Club, as well as the new Celtic Manor golf development in Newport, Gwent. A new addition to T.I.L.'s product line up is the Otterbine range of Mechanical Aerators, whose distribution has recently been awarded to The Hydroscape Group.

TILDENET LIMITED

Stand No. B13
Longbrook House, Ashton Vale Road, Bristol, BS3 2HA, Tel: 0272 669684
Fax: 0272 231251

Contact: Lawrence Green/Ruth Hensman
 Tildenet Ltd, the international netting company are market leaders in perimeter ballstop netting. They now supply fencing kits for self installation as well as offering a full installation service, including advice on obtaining planning permission. In addition, Tildenet will be exhibiting their increased range of golf practice nets, to cater from the busiest of professionals and golf clubs, to the keen beginners back garden. Target nets, anti-ball plugging nets and germination sheets can also be found in the Tildenet stand.

D W TOMLIN

Stand No. B28
Old Leake, Boston, Lincolnshire, PE22 9JS,
Tel: 0205 870535
Fax: 0205 871304
Contact: Richard Tomlin

D W Tomlin will be exhibiting a range of machinery suitable for use with compact and larger tractors for the construction and maintenance of turfed areas along with the Greensiron greens roller.

TORO COMMERCIAL PRODUCTS

Stand No. A35
Station Road, St. Neots, Huntingdon, Cambridgeshire, PE19 1QH,
Tel: 01480 476971 Fax: 01480 216167
Contact: Peter Mansfield/David Cole
 Toro is showing three new turf maintenance products

added to its range this year. The Reelmaster 5300-D is a completely reworked model of the Toro 5100-D lightweight fairway mower with added power for cutting in tougher conditions such as longer grass and hilly areas. The new machine has the same technical specification as the 5100-D but is fitted with a bigger 32 hp engine and appropriately other up-rated components giving 25% more torque to the reels. The Greensmaster 3100-3 wd is a new three wheel drive model of Toro's lightweight greens mower, which has the ability to access and mow difficult to reach greens and handle broader applications for improved playability and after cut appearance throughout the golf course. The Toro HC4000 is a new high capacity aerator for use with smaller tractors of 25 hp to 45 hp. It fills the gap between larger fairway and smaller greens aerators and is ideal for those needing a high capacity, deep coring turf aerator.

UNDERGEAR EQUIPMENT (RBP) LTD

Stand No. B2A
Black Lake Works, West Bromwich, West Midlands, B70 0PD, Tel: 0121 553 1606
Fax: 0121 553 1307
Contact: John Edwards

Undergear offer what is probably the most comprehensive range of turfcare tyres in the world. In addition to being sole UK distributors for Goodyear Terra Tyres, Undergear are distributors for Trelleborg, Bridgestone, Carlisle and Continental tyres. Undergear developed their own 'Golf' design tyre specially for the preparation of the Ryder Cup course at the Belfry. This tyre is now working on courses all over the UK and is also exported to many countries. Undergear can supply tyres for most machines and with their own wheel-making facility offer complete tyres and wheel units to the customer's individual requirements.

VITAX LTD

Stand No. A34A
Owen Street, Coalville, Leicester, LE67 3DE,
Tel: 0530 510060, Fax: 0530 510299

These new products will be featured alongside the full Vitax sport amenity and key range products.

WARWICKSHIRE COLLEGE

Stand No. C33
Moreton Morrell, Warwick, CV35 9BL,
Tel: 0926 651367
Contact: Chris Gray

Warwickshire College has a long tradition of quality courses for greenkeepers and groundsmen. The college is the GTC Approved Centre for greenkeeper training and education in the Midlands. NVQ's L1, 2, 3 and 4 offered on a day release basis. The college also offers a wide range of shorter courses in turf related areas, including FEPA training and chainsaw operation.

WATERMATION SPRINKLERS & CONTROLS LTD

Stand No. B47
Tongham Road, Aldershot, Hants, GU12 4AA,
Tel: 01252 336838 Fax: 01252 336808
Contact: Mrs E Hawthorn

The sprinklers and controllers on display are made in this Country by Watermation and include their latest GRV sprinklers which now feature the new, patented, dry pop action, which avoids puddings around the base as the sprinkler does not start irrigation until clear of the bowl. Watermation have also produced this year a new small, inexpensive controller called EPIC (Easily Programmable Irrigation Controller) which comes in a choice of models ranging from 6 through to 30 zones, has 3 independent programs plus many calendar choices.

WELSH COLLEGE OF HORTICULTURE

Stand No. C31A
Northop, Mold, Clwyd, Tel: 0352 840861
Fax: 0352 840731
Contact: Graham Wright

The Premier College in North/Mid Wales offering a complete package of courses for the Greenkeeping Industry. The College over the last 6 years has consolidated its portfolio of training programmes. The latest programme is a "Home study with limited college block weeks", designed for greenkeepers in Portugal, but having adaptations for Rural areas inaccessible to college inputs, small 9 hole

clubs with limited personnel and mature entrants into the Industry who may feel intimidated with attending formal training courses. The Welsh College prides itself on a flexible and friendly approach to Greenkeeper Training.

Come and say hello to

PAULINE THOMPSON
Accounts Clerk
on the BIGGA stand, C50, at Harrogate.

WHITE HORSE CONTRACTORS LIMITED

ZENECA PROFESSIONAL PRODUCTS

(Formerly ICI Professional Products)
Stand No. B42
Fernhurst, Haslemere, Surrey, GU27 3JE,
Tel: 0428 645454 Fax: 0428 657222
Contact: Roger Mossop

Zeneca Professional Products, formerly ICI Professional Products will be displaying their full range of quality products and services. Major products include 'Daconil' - turf and the recently introduced 'Greenshield' turf fungicide which has both contact and systemic activity. These two products give greenkeepers the best alternatives for the control of the major turf diseases throughout the year. Information will also be available on 'Enforcer' Zeneca's new liquid mosskiller for use on grass and hard surfaces. The 'Longlife' fertilizer range which offers quality and value for money has been further expanded with the introduction of 'Cleanrun' (9-7-7 + herbicide). 'Cleanrun' is an ideal product choice for combined feeding and weed control on fairways and sports turf. 'Longlife' granular and the 'Ultra-Green' water soluble fertilizers used in a managed programme can give your course the excellent appearance you seek. Full details of the free soil analysis and empty, pesticide container disposal scheme will be available on the stand, both of which can save your club money! Call on stand B42 for a warm welcome.
