Stars

Greenkeeper International has engaged an astrologist for the month who has taken a look at the stars and passes on the following advice with a greenkeeping slant to it. Please contact the magazine if our version of Russell Grant hits the mark because if he is successful he may be re-engaged.

Cancer (June 23-July 23)

A superb month for all Cancerians. Your efforts will be appreciated by your colleagues and your superiors and away from work you will have success when it comes to matters of the heart.

Leo (July 24-Aug 23)

A surprise and unwelcome bill will put a blight on July for all Leos, but don't worry, once this has been cleared your financial outlook will be a lot brighter and you'll have money in your pocket later in the year.

Virgo (Aug 24-Sept 23)

Virgos should be extra careful this month as an accident either in outside work is likely to keep you off the golf course for a few days. Don't take any chances with safety.

Libra (Sept 24-Oct 23)

Frustration is a possibility as a vital piece of equipment breaks down just when it is most needed. Be vigilant this month and check all equipment a couple of days before its intended use to give yourself a chance of repairing it before it is too late.

Scorpio (Oct 24-Nov 22)

An unusual star configuration is a sign that it is the ideal time to tackle a job you've been putting off for a while whether it be on the course, in the office, or at home. If someone offers you a game of golf take it. - July is a good month for all Scorpio golfers.

Sagittarius (Nov 23-Dec 21)

It's the busiest time of the year but it is also the right time to consider what you are going to do with your holiday. Listen to another member of your family on this matter and act on the advice given.

Capricorn (Dec 22-Jan 20)

A good month to keep your head down and avoid confrontation especially when it comes to arguments with a member. You might win the battle but you are likely to lose the war of words.

Aquarius (Jan 21-Feb 19)

Make sure that you take whatever opportunity to relax as you can this month. It's a busy time but the odd picnic or taking your partner to the pictures is the best way to ensure that you make it through July.

Pisces (Feb 20-Mar 20)

Don't be afraid to take responsibility for a job this month. An ability to take charge and use initiative will be noted and go down well with your superiors and more responsibility will come your way in a more formal manner.

Aries (Mar 21-April 20)

Ariens can expect a busy month in July. A hoped-for day off will have to be cancelled due to the amount of work brought on by the improving weather. This will lead to an argument with your partner.

Taurus (Apr 21-May 21)

Be careful of flying golf balls this month as the planets Mars and Pluto Jupiter combine to show danger in the skies. Wear a hard hat and listen out for those distant cries of "Fore!"

Gemini (May 22-June 22)

You will find something valuable while working out on the course. You are likely to receive a reward from a relieved owner and praise from your superiors for not succumbing to temptation.
