

Algae...!

The Answer is Clear

ALL CLEAR WSP

Crystal Clear WSP™ is a non-toxic concentrated microbial based lake clarifier. Crystal Clear WSP™ will biodegrade nutrients, organic matter and hydrocarbons reducing surface scum, algae blooms and silt build up, improving water clarity and quality. Each gram of Crystal Clear WSP™ contains 4 billion CFU's (Conlony Forming Units) of a proprietary blend of 17 bacillus bacterial strains. Crystal Clear will not only control algae, water clarity, methane and sulphide odours, but will also reduce silt levels by up to 30cm per year.

Crystal Clear WSP™ is available in no-mess water soluble packets for easy application. It is non-toxic and is completely harmless to human, animal and aquatic life. And fully compatible with all aquatic colorants. For initial application each WSP will treat 250m³ of water, with a maintenance rate of 1 WSP per 1500m³ every 2-4 weeks.

Crystal Clear is also now available in a 10kg pail for economical treatment of large areas.

COLOURANT WSP

Lake Colourant WSP™ is both inexpensive and also the easiest way to create natural looking blue water. Available in no-mess water soluble packets, Lake Colourant WSP™ involves no pre-measuring, simply add the pack to the water feature for rapid colouring. Lake Colourant WSP™ is ideal for use in lakes, ponds, water hazards and large fountains. Lake Colourant reduces the amount of sunlight penetrating the water consequently reducing photosynthesis and thus acting as a non-toxic, natural suppressant of aquatic weeds.

Lake Colourant WSP™ is available in cases of 6 WSP's. Each will treat 1500m³.

*Full Range of
Aquatic equipment is also
available from Rakes,
Thermometers and Meters.*
