Amino-Sorb R (root uptake) and Amino-Sorb F (foliar uptake) are unique supplements that give turf maximum protection and recovery from stress. Under such adverse conditions there is a greater demand for vital amino acids than the plant is able to meet. Amino-Sorb overcomes this problem. The 18 amino acids in each solution are all specifically involved with turf health, helping restore the nutritional balance. Use Amino-Sorb R in the spring and autumn, Amino-Sorb F throughout the summer.
