

Your greens will be greener

The **JACOBSEN E-Plex and E-Walk** deliver the smooth, precision cut you expect from every **JACOBSEN** greens mower, with all the benefits of clean and quiet electric power. **LPG or electric E-Z-GO** golf cars and utility vehicles will transport people and materials around your golf course with minimal impact on the environment. So your greens really will be greener.

Reducing your emissions can even reduce your operating costs. Find out how by calling +44 (0)1473 270000 to consult your *Specialists in Environmental Greenkeeping*.
