

Simply ... a superior quality of cut

With five 178mm (7") diameter cutting cylinders, a 25.6 kW Kubota diesel engine, joystick lift and lower, and a spacious operator platform, the Jacobsen LF-3800 delivers a superior tournament-quality finish, every time it goes out on the course. It's powerful, comfortable, easy to operate, simple to maintain and built to last.

And now with Classic XP cutting cylinder technology, which increases durability, reduces wear and extends operating life, the quality of cut just got better.
