

TORO GROUNDMASTER. THE WIDEST RANGE AND NOW, OUR WIDEST CUT.

GM5910 WITH OPTIONAL
FACTORY-FITTED CAB.

TORO has the largest family of wide-area rotary mowers in the business with its Groundmaster range. And now, with the introduction of the new GM5900 Series, it has its widest cut. With a cutting width of almost 5 metres, and a powerful 99hp turbo diesel engine, the GM5900 Series can mow an impressive 12.5 acres in an hour! All our large Groundmaster models offer superb manoeuvrability, ultimate comfort and the new SmartCool™ auto-reversing cooling fan. Together with the GM4000 Series, these big, powerful Groundmasters are the ideal mowers for roughs on the largest of courses.
