

## SECURE STORAGE

### CONTROL OF PESTICIDES REGULATIONS 1986

There is now a statutory requirement to ensure that potentially dangerous chemicals are securely stored and that precautions are taken to protect people, wildlife and the environment.

Ultra Fabrications Ltd. manufacture a range of welded steel storage units which fully comply with the current legislation, allowing you to fulfil your obligations quickly and economically.

## WHY YOU SHOULD USE

# GREENKEEPING

MANAGEMENT

Bill Paterson, Head Greenkeeper at  
 Beaconfield Golf Club, put an ad in our  
 Classified For Sale Section in July, and has  
 this to say:

**"Within 2 days of the ad appearing  
 the machine was sold."**

**"The golf club were very impressed  
 with the efficient service we received  
 and this is why we are using  
 Greenkeeping Management for our  
 recruitment ad this month."**

Why not let us do the same for you?
