

Longlife

WITH THE
DIDIN
DIFFERENCE

'Longlife' is a modern family of turf fertilizers designed by professionals for professionals. That's why there are two distinct ranges – one for Fine Turf, one for Sports Fields.

This new generation of eight different products is formulated to meet the needs of modern day turf maintenance. 'Longlife' fertilizers are easy to apply mini-granules, all organic-based with added seaweed extract. Most contain 'Didin' to ensure that Nitrogen is released in a controlled way, feeding the turf for months instead of weeks.

For a colour brochure which gives detailed information on 'Longlife' products, write to Dept LF at the address below.

The Next Generation, from
