P.M.

JANUARY MEETING

Our January meeting at River Forest Country
Club was well attended with 54 members being present.

Mr. Stewart and Mr. Jones, host superintendent
and manager respectively had the welcome mat out and
we were served a very delicious roast beef dinner.

After a short business meeting the education com-
mittee chairman Gordon Brinkworth, conducted an in-
teresting question box.

This meeting gave a lot of the fellows an op-
portunity to discuss their plans for attending the
National Turfgrass conference in Longbeach California
next month. Judging by the general comments a con-
siderable number of the Midwest Ass'n. will be on
hand.
