PRESIDENT'S MESSAGE

As we look back at our accomplishments of the past year we note that stepped-up educational programs have resulted in increased attendance and interest at our monthly meetings. The selection of clubs and meeting places also contributed to the increase of attendance. These two facts have helped us reach a new high in membership. At this writing we have over 200 members in this the greatest local in America. Our membership in the National organization has also increased. There are still a few people that will not except the National organization as another means of increasing their worth as a Superintendent. Perhaps they will soon see the light and help make this organization a 100% National membership organization.

I wish to thank all of the Chairmen and their committees, during this past year, for their supreme effort in making this a most productive year in the history of our great association. Without the cooperation of these men in planning our monthly programs this organization would be of no value. Many hours have been spent in preparation for our meetings and especially in our presentation of the 9th Annual Turf Clinic at Olympia Fields Country Club on Dec. 6th and 7th. JOHN EBEL AND ED BURKE the Co-chairmen of the Educational Committee have planned a program which should be our best effort of the year. The members of our organization should also be congratulated for their interest and attendance. It is an indication that we are willing to better ourselves by educating ourselves.

Thanks to MARV GRUENING for his efforts in increasing the membership; DON STEWART and his Entertainment Committee for giving us two wonderful dinner dances this past year; BILL SAIELLI and the Golf Committee for conducting the golf events, and PAUL VOVKIN and his Arrangements Committee for selecting such good courses for our meetings. JOE CANALE has done a fine job informing us of jobs that were open for placement and also informing us of members that have been ill and of members that have passed away.

EMIL CASSIER is another member of our Board of Directors to whom I owe a special debt of gratitude, his guidance was appreciated. DON GERBER our able secretary and treasurer has done his usual fine job of keeping our organization informed of coming events, recording minutes of the meetings, guarding our monies and handling our correspondence with our National association.

In behalf of the Midwest Association I would like to wish each and every one of you and your loved ones a very Merry Christmas and a Happy New Year.

Ted Woehrle, President

**NOVEMBER MEETING AT BUTTERFIELD
COUNTRY CLUB**

Our November meeting was held at the Butterfield Country Club on Tuesday, November 7, Bert Rost was our Host.

A few brave souls ventured out into the cold and played golf. We understand that the course was in excellent condition. A good deal of new construction was noticed as we toured the grounds.

Our meeting got under way immediately after the fine dinner, our guest speaker was William Gobel, of the Toastmasters International. He spoke to us about *Public Relations*. He informed us about the importance of improving our relationship with the public. We must be able to sell our ideas to the right people in order to become a success.

The Toastmasters International is a method of accomplishing this goal. You teach yourself in speech training. You are taught confidence and poise by actually participating in various methods of communication.

Many of us are weak in public speaking and this would be an opportunity to improve ourselves. If any of you are interested in joining such a club contact Roy Nelson at our next meeting. He has a list of addresses in the Chicago area where these meetings are held.

**FACTS ABOUT THE 9th ANNUAL TURF
CLINIC**

PLACE:

OLYMPIA FIELDS COUNTRY CLUB.
