(3) Algae (black scum) forms on the surface and smothers the grasses.

(4) PUFFY grasses are easily bruised.

CENTRAL ILLINOIS GROUP

The annual Field Day and Tournament of the Central Illinois Group Superintendents Association was held at the Kankakee Valley Elks Golf Club, Herman Woehrle, Superintendent, on Tuesday, September 19th,

About 125 Superintendents and Club Officials attended. 75 golfers toured the course, all of whom pronounced the Course in beautiful condition. The members and guests enjoyed a delicious buffet dinner and the distribution of golf prizes followed.

The Midwest Association was represented by President Ted Woehrle and the National Association by Roy Nelson. Ted Woehrle, Jr., age - 6 months - a prospective Golf Course Superintendent in 1985, attended his first meeting. His activities were limited to ack-

nowledging introductions by his father.

At 3:00 P.M., Joe Kelly presented his Field Day routine, exhibiting numerous pieces of maintenance equipment. When most of the guests had disappeared at a late hour, he called it a day and folded his tent.

The weather was perfect, resulting in the largest attendance of the year. Central Illinois has grown into a husky association in the last 10 years, Charles Jones, Superintendent, Champaign County Country Club, is the President this year.
