## FUNGICIDES IN PRE-MEASURED WATER SOLUBLE bags

The W. A. CLEARY CORPORATION is now marketing their "Spotrete" and "Thimer" fungicides in Water Soluble Bags. The problem of measuring and the irritations of the nose, eyes, and throat are eliminated. Each bag holds 8 ounces and treats 2000 square feet. Just place the water soluble bag in the spray tank water and agitate. These water soluble bags are unlike previous inefficient bags in that they will go into solution immediately and will not clog the tank screens or nozzles.
