### INDUSTRY CALENDAR

Since the standard calendar doesn't suit the needs of the industry we have devised one that is more suitable. This calendar has several advantages listed below.

1. Everyone wants their lawn done yesterday, with this calendar a customer can call you on the 15th and get the work done the 12th.
2. Mondays have been omitted for obvious reasons.
3. Two Fridays, payday, have been included for better employee relations.
4. There will be no first of the month bills to be paid, as there isn't any "first", the "tenth" and "twenty-fifth" also have been omitted — in case you have been asked to pay on these days.
5. There are no non-productive Saturdays. No time and a half or double time to pay.
6. There are seven extra days at the end of the month to complete your schedule.
7. There's a new day each week called UNKSDAY. This is the day you work for Uncle Sam. (In case one Unksday isn't enough, Sunday should be used.)
