

Editor's Comment

The only articles which appear in this issue pertain to drainage work. The chart in the center section is invaluable in planning new lines. The information can be used on any size line however it becomes more useful on larger diameter pipes where strict and detailed specifications are involved.

While the information inclosed will help in planning a new pipe line, it is wise to consult a civil engineer before beginning.

FOR SALE

2 — 3 wheel Cushman cabs with doors.
Good condition — 2 years old.
Cost new — \$190
Your price — \$75 each
