"Work and Play"

Have you ever thought of the difference between
work and play? You use the same muscles to play
golf as you do to mow your lawn; you use the same
brain power to play bridge as you do to conduct a
business; the only difference is the mental attitude.
Why is it that work tires you more than play? Again
it is the mental attitude, so if you want to make your
work easier, make play out of it. Too many men
make work out of golf and when you do that you
have taken the pleasure out of it. It may not be easy,
but if you can change the mental attitude toward the
things you call work, you can get more out of life.
Mark Twain said, "Work is not a concrete thing, it
is a mental attitude. Nothing is either work or play
but thinking makes it so."

COOPERATION: You have a dollar. I have a dollar.
We swap. You now have my dollar and I have your
dollar. We are no better off. But when you have an
idea and I have an idea, we swap. You now have
two ideas and I have two ideas. We are both richer.
What you gave you still have; what I got you did
not lose. That's COOPERATION!
