

Mobility . . . cross roughs. Finger tip control from tractor seat. All mowers quickly raise for transport between areas to be mowed. Leave golfer congested fairways and return when clear.

Mow fairways in less time. Hydraulic lift frame can be used with any Roseman Fairway or Hi-Cut Rough Mower.

#### "NOTHING SEEMS NOW LIKE IT USED TO BE"

It seems to me they are building staircases steeper than they used to. The steps are higher or there are more of them or something. And another thing . . . the small print they're using lately. The other day I had to back half-way out of a telephone booth in order to read the number on the coin box. It's ridiculous to suggest a person of my age needs glasses, but the only way I can find out what's going on is to have somebody read aloud to me, but that's not satisfactory because people speak in such a low voice these days. It's funny, too, how much further away things are. They've certainly moved all the greens back almost twice as far. And whoever added that steep hill approaching No. 16? . . . They don't put the same material into clothes anymore. I've noticed all my golf slacks have a tendency to shrink especially around the waist or in the seat of the pants. And what kind of shoe laces are those George has these days! They're so much harder to reach. And people . . . how they are changing! They are younger than they used to be when I was their age. I went back to an alumnus reunion at the college I attended in 1943 . . . that is 1933 . . . I mean 1923 . . . and I was shocked to see the mere tots they're admitting as students these days . . . no, nothing seems now like it used to be!

#### Nels J. Johnson, Tree Experts, Inc.
