

Beginning a new era in turf mowing, the Roseman 7 unit Hydra-Gang Mower utilizes the tractor power take-off system to power the cutting reels and the tractor hydraulic system to provide hydraulic lift for each mower unit. Hills and banks can be mowed easily regardless of soft or wet turf conditions. Individual mower units follow ground contour with unlimited flexibility without scalping. The Hydra-Gang mounts on Ford 2000 and 3000 All Purpose model tractors.

JUST BOY

AFTER a male baby outgrows long dresses and triangles, acquires pants, freckles and so much dirt that even relatives don't dare kiss him, he becomes a boy.

A BOY is nature's answer to that false belief that perpetual motion is impossible. A boy is a growing animal of superlative promise, who can swim like a fish, run like a deer, and climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a jackass, according to climatic conditions.

for PROFESSIONAL TURF MAINTENANCE

- Fumigants
- Insecticides
- Fungicides
- Herbicides
- Plant Foods
- Soil Conditioners
- Soil Structure Builders

Swift Agricultural Chemicals Corp.

Oak Brook, Ill. Phone 312-325-4330

A BOY, if not washed too often and kept in a cool, quiet place after each accident, will survive broken bone, hornets, measles, fights and five helpings of pie.

A BOY is a piece of skin stretched over an appetite; a noise covered with smudges, the problem of our times, the hope of the world. Every boy born is evidence that God is not yet discouraged with men.
